NEW AND RARE PLANTS,

—  FOR 1879.  —

INCLUDING

GREEN-HOUSE AND BEDDING PLANTS,

GROWN AND FOR SALE BY

STORRS, HARRISON & CO.,

PAINESVILLE, LAKE CO., OHIO.

ROCHESTER, N. Y.:

DAILY UNION AND ADVERTISER COMPANY'S BOOK AND JOB PRINT.

1879-80.

TO OUR CUSTOMERS.

Again we have the pleasure of handing you another edition of our number two Catalogue, and in some respects, at least, we think you will find it superior to its predecessors. We have been reasonably successful in our importations of new plants from Europe, and herewith present several new things that we trust will strike your fancy. Among the rest, we would particularly mention Geranium New Life, as offering almost irresistible attractions to lovers of new and fancy plants and flowers.

Since our last issue, we have remodeled several of our propagating and greenhouses adding two new ones, and an extensive packing house, giving us superior facilities for propagating, growing, packing and shipping our plants. We have now fifteen greenhouses averaging nearly one hundred feet each, besides a large area of glass in cold pits and hot beds. We have been established in the business twenty-five years and have about 400 acres devoted to the growing of general nursery stock, and from our extensive assortment, can supply almost anything from hot-house plants to forest trees. Our long practical experience, enables us to grow and handle plants, &c., to such perfection, that our shipments rarely fail to give entire satisfaction to purchasers.

Our prices are so very low, that almost the only profit we get is the consciousness of having aided in adding beauty to many a home that the Great Good Giver intended should bloom like the rose, and in having brought many a bright smile to love lit eyes as they have received the package of beautiful plants from us, and opened it so tenderly, and planted them so carefully, and watched over them so intently awaiting the expanding leaf, the bursting bud and opening flower. It is amazing to witness the refining influence the culture and care of flowers possess; they are wonderful teachers, real missionaries of beauty and love.

Vigorous healthy plants of first quality, cannot be supplied at less rates than we offer them. Our intention is always to do full as well or a little better than we promise, so that all may be fully satisfied, and be induced to speak a good word for us to their friends. Our success depends largely upon the satisfaction we give our customers. We will esteem it a particular favor if our friends and customers will furnish us the addresses of their friends who may be in want of plants, so that we may mail them our Catalogue. Or to ladies who will write us for a sufficient number of catalogues for them to distribute among their flower-loving friends.

Our experience in mailing plants is second to none, which statement is confirmed by our immense file of complimentary letters from every State and territory in the Union, praising our manner of packing, and expressing satisfaction at the excellent condition in which the plants have arrived.

Permit us to state here that we intend to deal justly by all, and if errors occur which will sometimes happen in the hurried packing season, we trust that we may be promptly notified so as to give us a chance to rectify them. Although we have a competent corps of well trained hands, we cannot always avoid errors in packing, but in spite of the utmost precaution, packages will occasionally be found deficient in some respects. Yet where one package meets with a misfortune of this sort, nine hundred and ninety-nine are correctly filled and reach their destination all right. As we previously mentioned we are also largely engaged in the general nursery business, our establishment ranking second to none west of the great State of New York; still we name but few items in this grown in the general nursery, and those only that are small and can be readily sent by mail or express to distant points. A Price List of general nursery stock will be sent to all parties making application. We issue the following Catalogues, all of which we mail free on receipt of stamps to pre-pay postage, except No. 1, which contains a colored plate and for which we charge 10 cents.

Catalogue No. 1.—This is a Descriptive Catalogue of Fruit and Ornamental Trees, Evergreens, Grape Vines, Shrubs, etc., containing 72 pages, revised and re-issued from time to time, as previous editions become exhausted. With colored plate, price 10 cents. *

Catalogue No. 2.—This one, issued annually in January.

Catalogue No. 3, (TRADE LIST.)—This is issued semi-annually. For the Spring Trade during January, and for the Fall Trade during August or September. It answers the double purpose of retail and wholesale, as prices are graded according to the number taken.

Catalogue No. 4.—Descriptive of Bulbs, Winter-blooming Plants, &c., issued each Autumn.

Catalogue No. 5.—Special Catalogue of Fruit Trees, Small Fruits, Grape Vines, &c., of size suitable for forwarding by mail.

Culture of Plants.—Being in constant receipt of letters inquiring for some book on the care and cultivation of plants, we have made arrangements with the publishers of the following named works by which we are enabled to supply our customers by mail at publishers prices. Postage pre-paid.

Window Gardening.—By Henry T. Williams. This elegant book of 300 pages filled with fine illustrations, pleasant reading and useful information, we will send post-paid for \$1.50.

Winter Greeneries at Home.—By Dr. E. A. Johnson. Showing how to secure winter foliage and flowers in ordinary windows. "The best work on window culture that we know of. Gives the result of actual practice. We feel sure that those who follow its teachings will reach a satisfactory measure of success. Handsome enough for a gift book."—*American Agriculturist*. "This beautifully printed and pleasantly chatty book is just timely and very welcome. To us, it is not the least among its many merits that it shows how very much may be made of foliage alone."—*Gardener's Monthly*. "We like this little book because it is so plain and practical."—*Vick's Illustrated Monthly Magazine*. "A delightful companion for young ladies."—*Pittsburgh Christian Advocate*. Price, post-paid, \$1.00.

Order Sheets and Envelopes—An Order Sheet and Envelope, with our address accompany each Catalogue. Persons ordering will oblige us by using the order sheets as it is a great economy to us in filling orders. It is extremely annoying in our busy seasons to have the order mixed through the body of the letter, as it requires too much time to pick it out, and errors are more liable to occur.

When Sets are Ordered, do not name the plants comprised in the set, but simply give the number designating the set or sets wanted; this is all sufficient, and will insure your receiving what you order.

Purchasers Choice of plants is always complied with if remittance is made at the full single rate which in all cases accompany the descriptions. We cannot afford to deviate from our stipulated prices, they being made as low as it is possible to supply good plants.

We deal with all alike, as our prices and terms in catalogue are as low as can possibly be afforded, parties cannot do better than to order at those rates, as the premiums allowed are liberal, and when sent by mail, the prepaying of postage reduces the profits to a minimum. We state this to save all the trouble of writing us as to what we will supply certain lists of plants for. Catalogue prices would be the reply.

Safe Arrival of Plants Guaranteed.—On plants sent by mail we prepay postage and guarantee their safe arrival in good condition to any post office in the United States. If not received in good condition, notice should be immediately returned to us, naming the number and kinds dead, so that there may be no delay in our replacing them.

Wooden Boxes.—Thinking that possibly plants may be transmitted through the mail safer in wooden than in pasteboard boxes, we have decided to use wood this season, and would thank our customers who have received plants in both, to write us in which they arrived in the better condition.

Remittance for Amount must in all cases accompany the order. This is imperative, as we open no book accounts with our customers. Remit by Post Office Order, Draft on New York, or Registered Letter. The remittance will be at our risk if sent in any of the preceding ways. We prefer a Post Office Registered Order to all other ways of remittance; next, Draft on New York; and lastly a Registered Letter. Money enclosed

and sent in common letters we will in no way be responsible for, as there are occasionally dishonest employees in the postal departments, and they usually possess a knack of distinguishing letters containing money from all others. *Moneys sent us by Express* must be prepaid by the sender

Cost of P. O. Order.—Post Office Orders not exceeding \$15, cost 10 cents; \$15 to \$30, 15 cents; \$30 to \$40, 20 cents; \$40 to \$50, 25 cents. A Draft on New York can be procured at nearly all banks for from 15 to 25 cents; a letter containing any amount can be registered by paying 10 cents in addition to the regular postage. Do not send private checks, as they have to be returned for collection, the bank always remitting us less exchange, which is too great an expense on small amounts.

Postage Stamps.—Where currency cannot be obtained, we would advise that remittances be made in postage stamps, as silver is too heavy, and easily lost. We prefer stamps of the denominations of 5, 10 and 15 cents; of course we can use 1, 2 and 3 cents, to any amount, but they are not quite as convenient to paste on packages.

Orders must amount to One Dollar.—We cannot afford to fill orders of less amount than one dollar, unless in addition to the amount for plant or plants wanted ten cents is sent. The office work on a small order is the same as in a larger one, and it also requires nearly as much material and time to pack it, and takes almost as much postage, as an order of double or triple the size.

Packing and Packages Free at Prices herein named.—We make no charge for packing or for material used in packing, such as baskets, boxes, &c.

In Corresponding, always sign your name alike each time. Ladies frequently write in their husband's name sending an order, and then again in their own name, perhaps making inquiry about it. This gives us a great deal of trouble in looking through our long files. We possess no means of knowing that Mrs. Delos E. Norris and Jennie D. Norris are one and the same person.

Lost Orders.—Occasionally orders are lost in the mails, in which case it is very important in writing us relating to them that you state the time the order was sent, the amount of the order, how the remittance was made, whether by *Post Office Order*, *Draft on New York* or *Registered Letter*, duplicating your order in full, so that it may be filled immediately and not be delayed until we correspond back and forth for the duplicate order.

Rare Evergreens, Grape Vines, &c.—Persons desiring to stock up in Grape Vines, Small Fruits, Evergreens, Seedlings, &c., will find it far cheaper to order direct of us; by so doing they can secure a supply at half the cost that traveling dealers can afford to furnish at.

The Best Time for forwarding plants is from the first of October to the first of July. They are less liable to suffer from frost than from extreme heat.

Care of Plants on Arrival.—The plants, if in the least wilted, should be placed with the paper about them in shallow pans with water comfortably warm to the hand where they should remain twenty minutes to half an hour; this restores their vigor, revives their leaves and increases their vitality.

The Soil for potting should be composed of rotted sods about two-thirds and one-third well rotted cow or horse manure, thoroughly mixed together. Where rotted sod cannot conveniently be procured, good, rich garden soil with the addition of one-third or one-fourth well composted manure thoroughly incorporated together will answer a very good purpose.

The Pots, if new, must be thoroughly soaked, and if old, well washed before being used, and should be but one size larger than those in which the plants were originally grown. Usually three inch pots are much preferable to larger ones for the first potting, and as they become filled with roots the plants should be re-potted at intervals. Do not entirely fill the pots with earth, but leave sufficient space to hold a good supply of water for the plants. When packed full of earth, the water all runs off instead of penetrating to the roots.

When Potted, one thorough watering should be given, soaking well to the bottom of the pot; they then should be shaded from the sunlight three or four days and

water gently sprinkled over the leaves morning and evening, being careful not to get the soil too wet and soggy. Avoid extremes, as both over watering and over drying are alike fatal to fresh potted plants. If the sun does not shine to exhaust the plants, keep the coverings off, but if it does, one or two thicknesses of paper covered over them will keep the plants fresh.

Flower Seeds.—In answer to many correspondents who inquire for our Seed catalogue, we would state that we do not deal in seeds.

Index.—We print a complete index on second page of cover.

References.—If you have any fears that we will not perform what we promise, we refer to Mr. M. B. Bateham, Secretary of the Ohio State Horticultural Society, or First National Bank, both of this place.

DOLLAR COLLECTIONS.

We make the following named dollar collections for the benefit of purchasers. It will be seen that where persons are not well acquainted with different varieties, so as to enable them to make judicious selections, these sets offer great advantages for cheapness, and parties will usually get as good selections as they could make themselves, our aim being as far as possible to satisfy every customer that favors us with an order. We are not only working for the present but future trade, and as a question of policy (were we not influenced by higher moral motives,) it would be incumbent upon us to make these sets, and all plants we send out, as satisfactory as possible to all purchasers.

The choice of varieties in these sets must be left entirely to us, as we positively cannot afford at these collection prices, to permit customers to name the plants. But all who prefer their own selection of varieties, can make them at the price of single plants, which in all cases accompany the descriptions. These collections are subject to the following conditions: That persons ordering are only to name the number or numbers, designating the collection or collections wanted, as it takes too much valuable time to read long letters, giving detailed lists of plants in each collection desired. Simply the number of the collection or sets is all sufficient.

You will please observe that we make two sections. In section 1st we offer the greater number of plants for a dollar, but they are sent without labels. In section 2d each plant is labeled.

SECTION FIRST.

Entirely our selection of varieties, and plants sent without labels.

As some do not care to preserve the names with plants, we make these dollar collections, giving a greater number of plants than we can possibly afford to in any other way, subject to the preceding conditions.

- SET NO. 1—20 Verbenas, 20 different sorts, \$1.
 " 2—15 Basket or Bedding plants, 15 different sorts, \$1.
 " 3—12 Roses, 12 different sorts, \$1.
 " 4—10 Beautiful Ever-blooming Roses, selected especially in reference to their winter blooming qualities, 10 different sorts, \$1.
 " 5—10 Geraniums, 10 different sorts, \$1.
 " 6—10 Tuberose Pearl, all Flowering Bulbs, \$1.
 " 7—12 Gladiolus, fine mixed sorts, all blooming bulbs, \$1.
 " 8—3 Roses, 3 Geraniums, 3 Fuchsias, all different sorts, and 3 Gladiolus, \$1.
 " 9—2 Roses, 2 Geraniums, 2 Verbenas, 2 Fuchsias, all different sorts, 2 Gladiolus, and 2 Tube Roses, \$1.
 " 10—1 Rose, 1 Geranium, 1 Gladiolus, 1 Verbena, 1 Heliotrope, 1 Fuchsia, 1 Tuberose, 1 Achyranthus, 1 Cuphea, 1 Smilax, \$1.
 " 11—1 Carnation, 1 Bouvardia, 1 Camellia Japonica, 1 Fern, 1 Hoya Carnosa, 1 Rose, 1 Calla, \$1.
 " 12—1 Caladium Esculentum, 1 Gladiolus, 1 Dahlia, 1 Tube Rose, 1 Passiflora Cerulea, 1 Abutilon, 1 Lantana, 1 Pilea Arborea, \$1.

SECTION SECOND.

Entirely our selection, but each plant labeled.

- SET No. 13—8 Beautiful Ever-blooming Roses, of 8 different sorts, selected with special reference to their winter-blooming qualities, for \$1.
 " 14—15 Verbenas, 15 different sorts, \$1.

 " 16—6 Hybrid Perpetual Roses, 6 different sorts, \$1.
 " 17—8 Roses; 4 Climbing, 3 Hybrid Perpetual, 1 Moss, \$1.
 " 18—8 Roses, 8 different sorts, Bourbon, Noisette and China, \$1.
 " 19—8 Tea Roses, 8 different sorts, \$1.
 " 20—5 Moss Roses, 5 different sorts, \$1.
 " 21—10 Roses selected by us from the different classes, 10 different sorts, \$1.
 " 22—2 Camellia Japonicas and 2 Azaleas, \$1.
 " 23—6 Hardy Flowering Shrubs, 6 different sorts, \$1.
 " 24—8 Zonale or Lilliputian Geraniums, 8 different sorts, \$1.
 " 25—8 Double Geraniums, 8 different sorts, \$1.
 " 26—6 Gold or Silver Geraniums, 6 different sorts, \$1.
 " 27—5 Begonias Rex Varieties, 5 different sorts, \$1.
 " 28—6 Begonias, Blooming Varieties, 6 different sorts, \$1.
 " 29—6 Ivies, 6 different sorts, \$1; these make elegant parlor ornaments.
 " 30—10 splendid Carnations, 10 different sorts, \$1.
 " 31—8 Heliotropes, 8 different sorts, \$1.
 " 32—6 Gladiolus, 6 different sorts, \$1.
 " 33—7 Bouvardias, 7 different sorts, \$1; these are elegant winter blooming plants.
 " 34—8 Fuchsias, 8 different sorts, \$1.
 " 35—5 Coleus and 5 Achyranthus, all different sorts, \$1.
 " 36—5 Ageratums and 4 Geraniums, all different sorts, \$1.
 " 37—8 Verbenas and 5 Roses, all different sorts, \$1.
 " 38—1 Rose, 1 Carnation, 1 Heliotrope, 2 Bouvardias, white and scarlet, 1 Eupatorium, 1 Stevia, \$1.
 " 39—1 Camellia Japonica, 1 Calla, 1 Carnation, 1 Abutilon, 1 Rose, 1 Stevia, \$1.
 " 40—1 Primula, 1 Begonia, 1 Bouvardia, 1 Eupatorium, 1 Violet, 1 Rose, \$1.

SINGLE FLORET OF GERANIUM, JEAN SISLEY.

CHOICE PREMIUM PLANTS.

CARNATION. AMERICA.

The ground color of the flower is white, beautifully striped and flaked carmine ; the edges of the petals are elegantly fringed. One of the handsomest Carnations that we grow. This is the first time we have offered it, and offer it now only as a Premium Plant.

HELIOTROPE. MAD. DE BLONAY.

Very large trusses of nearly pure white flowers ; very free bloomer, makes a beautiful pot plant ; one of the best.

NEW SCENTED GERANIUM. MRS. TAYLOR.

A scarlet flowered, scented Geranium with foliage of a strong rose fragrance. Flowers large, deep scarlet. It is an extremely free flowering variety which, combined with its fragrant foliage, makes it very useful for summer cut flowers, and as a pot plant for winter, it has few equals.

HYDRANGEA, NEW WHITE THOMAS HOGG.

This fine new white Hydrangea was introduced from Japan and named in honor of Mr. Thomas Hogg, the discoverer and introducer. The immense trusses of flowers are at first slightly tinged with green, becoming of the purest white and remaining so a long time. The florets are of good substance and firm texture, making them very desirable for decorative purposes. The clusters, when well grown, are immense, from twelve to eighteen inches across.

MRS. TAYLOR.

TERMS FOR THE PREMIUMS.

The entire stock of the above named plants is reserved for premiums to our customers.

HOW TO PROCURE OUR PREMIUM PLANTS.

Any person sending us \$2.00 for plants, and an additional 10 cents to pay packing and postage, will be entitled to their selection of one of the above named premium plants. By sending \$4.00 and 20 cents to pay packing and postage, may select any two of the above named premium plants. By sending \$6.00 and 40 cents additional for packing and postage, will be entitled to all four of the above named premium plants. Persons wanting premium plants, must order them so they can be sent with the other plants, as we cannot send them separately after the other plants are gone.

PREMIUMS ADDITIONAL TO THE PRECEDING.

It will be apparent to all, that as we have to prepay all mail matter at the rate of 16 cents per pound, we cannot afford to allow as large premiums when plants are to be sent by mail and postage pre-paid by us, as we can when we ship by express, the purchaser paying express charges on receipt of the plants. But as an inducement for persons to present the matter to their neighbors, and solicit Club Orders.

CLUB ORDERS.

We offer the following liberal premiums, enabling those who have not the money to spare to procure an assortment of plants by spending a few hours' time :

Mail Clubbing Rates :—

Persons sending	\$2.00	may select plants valued at	\$2.20.
"	4.00	"	4.50.
"	6.00	"	7.00.
"	8.00	"	9.50.
"	10.00	"	12.00.
"	15.00	"	18.50.
"	20.00	"	25.00.

And for all amounts remitted above \$20, twenty-five per cent. may be added to order. Purchasers choice from Catalogue or dollar collections.

Express Clubbing Rates :—

Persons sending	\$2.00	may select plants valued at	\$2.40.
"	4.00	"	5.00.
"	6.00	"	8.00.
"	8.00	"	11.00.
"	10.00	"	14.00.
"	15.00	"	22.00.
"	20.00	"	30.00.

And for all amounts remitted above \$20, fifty per cent. may be added to order. Purchasers choice from Catalogue or dollar collections.

Individual orders for any of the preceding amounts, will be entitled to the same premium as Club Orders.

CATALOGUE

—OF—

NEW, RARE AND BEAUTIFUL PLANTS.

NEW GERANIUMS.

It is with pleasure that we offer our customers the new Geraniums described below. For variety of color and free flowering qualities, we believe them to be unsurpassed by any set of Geraniums of recent introduction. We would call special attention to the first four named. Mr. John Thorpe, with whom they originated, and who has sent out some of the finest Geraniums in cultivation, says of them, they are the finest set of Double Geraniums ever sent out at one time. Mr. Cannel's new single varieties, are said to be exceedingly fine, by those who have seen them in flower. New Life has flowered with us the past season, and we can say it is all that has been claimed for it.

GERANIUM—NEW DOUBLE. J. H. KLIPPART.

Entirely distinct from any Geranium yet offered. Flowers double, of the most dazzling vermilion scarlet, shaded with mahogany at base of petals; trusses very large, often measuring 5 inches in diameter; of globular shape resembling a scarlet ball; a remarkably free bloomer and equalling Gen. Grant as a bedder. A magnificent variety. 75 cents.

GERANIUM—NEW DOUBLE. LOUISE.

An entirely new style of coloring; flowers very large and double, finely shaped. Salmon, shaded orange with veins of deep red traversing the whole flower; base of petals shaded crimson; trusses very large and frequent; habit sturdy and free, leaves heavily zoned. The effect when in the open ground is very pleasing. 75 cents.

GERANIUM—NEW DOUBLE. J. P. KIRTLAND.

Flowers very large, double and perfectly shaped. Color rich deep crimson, flushed with purple; upper petals stained with scarlet; trusses quite large, and freely produced; habit of plant free and robust. A fine bedding variety; one of the best Geraniums ever raised. 35 cents.

GERANIUM—NEW DOUBLE. MRS. R. B. HAYES.

A pleasing and most beautiful variety; color of flowers, bright pure pink with markings of white on upper petals. Trusses above medium size produced in great profusion, habit of plant draw and spreading; makes one of the finest of bedders. 35 cents.

GERANIUM—NEW DOUBLE. MAD. AMELIA BALTET.

An excellent and distinct variety, having pale green foliage and pure white double flowers, borne in compact trusses, well above the foliage—excellent for bedding or pot culture—a decided acquisition in double whites, and especially adapted for bouquets, etc.; in our opinion the best double white out. 35 cents.

GERANIUM. NEW LIFE.

GERANIUM—NEW STRIPED ZONALE. NEW LIFE.

This is unquestionably the greatest novelty in Geraniums that has been sent out for years. It is a sport from Vesuvius, one of the most popular of bedding Geraniums in England. The flowers are of the most brilliant scarlet, every floret being irregularly boldly striped white like a Carnation. The plant is dwarf in habit and very free flowering, being almost continuously in bloom and answering equally well as a pot plant in winter or a bedder in summer, flowering freely at all seasons. It was awarded a first-class certificate by floral committee of the London Horticultural Society. 75 cents.

GERANIUM—NEW ZONALE. SALMON VESUVIUS.

In this variety we have the finest Salmon Geranium ever sent out. In color it is a Salmon suffused with coral with a white eye, it is so different from all other Salmon Zonales, that it is really a new color, which combined with its dwarf tree-flowering habit, render it very desirable. 75 cents.

GERANIUM—NEW ZONALE. WHITE VESUVIUS.

A Geranium that will prove a valuable addition to our list of white flowers, blooming freely both winter and summer. It is a dwarf grower and the best White Geranium yet obtained. The flowers are pearly white, produced in great profusion. 75 cents.

GERANIUM—NEW ZONALE. PRESIDENT WILDER.

A very striking and attractive variety of fine habit of growth, with handsome dark zoned foliage. Trusses very large, compact, regular in shape, and well elevated above the foliage. Individual flowers large, of fine form, great substance, and of a beautiful rosy salmon color, tinted orange; very free flowering; one of the very best of its color. 50 cents.

GERANIUM—NEW DOUBLE FLOWERED IVY LEAVED. LUCIE LEMOINE.

Flowers much fuller than those of "*König Albert*," very double, the outer petals are large, those in the center being shorter, color rosy-white tinted lilac upon the upper petals, which are striped black. 35 cents.

GERANIUM—NEW DOUBLE IVY LEAVED. LA FIANCEE.

Large, almost regular flowers, of a fine very clear lilac; the upper petals are strongly rayed with purple. 35 cents.

GERANIUM—DOUBLE IVY.

GERANIUMS—NEW DOUBLE.

The following Geraniums are of recent introduction and are yet quite scarce, they are all of them of dwarf branching habit, and exceedingly free flowering varieties, and in every way superior to the old varieties as bedding plants.

Charles Vogt—Very large trusses of rosy-violet flowers, very distinct in color; a vigorous grower; foliage beautifully zoned. 35 cents.

Dr. Jacoby—Truss and flowers large, color nankeen salmon. 35 cents.

Dr. Cuigneau—Beautiful, shaded amaranth; quite distinct, and of good habit. 35 cents.

Ernest Lauth—A magnificent variety; flowers large, full and well formed; deep glowing crimson illuminated with scarlet, immense compact trusses; a vigorous grower. 35 cents.

Depute Ancelon—Trusses very large; pips of medium size; double circular, of beautiful shape. Color deep ma-

genta rose, with a violet cast; good grower and a very profuse bloomer. 25 cents.

LaFayette—Compact trusses; flowers very double, bright rose-lake, upper petals veined white; a beautiful and distinct sort. 35 cents.

Monsieur Gelein Lowagie—Plants bushy; pips of enormous size; semi-double, intense bright scarlet, toned with salmon; spots of a lighter shade at base of two upper petals; one of the brightest scarlets among the doubles. 25 cents.

President Leon Simon—Vigorous, producing trusses of large size; flowers moderately full, of a clear light red color. 35 cents.

The set of 8 for \$2.00.

TYPE OF NEW DOUBLE GERANIUM.

CERANIUM—NEW ZONALE. JEALOUSY.

This is one of the most distinct bedding Zonale Geraniums. Color an orange scarlet, so much so, as to give it a decidedly orange hue; flowers perfect, trusses large; an abundant bloomer; all that can be desired in a bedding Geranium. 35 cents.

BEGONIA. RUBRA.

This is one of the finest new plants that we have offered for years. Its dark glossy green leaves, combined with its free flowering habit, make it one of the very best plants for house or conservatory decoration. The flowers are of a scarlet rose color and are produced in the greatest profusion. 50 cents.

BEGONIA. MINEATA.

A variety resembling *B. Fuchsoides* in appearance but of a more dwarf habit; flowers bright scarlet produced very freely the whole year. 35 cents.

NEW DROOPING FERN. POLYPODIUM KURRUDRIANUM.

This beautiful fern of drooping habit, is peculiarly adapted for hanging baskets. It first sends out a number of wooly fronds of a dark brown color, twelve to fifteen inches long when they unroll and become a beautiful bright green and continue to grow until they are from four to five feet long. It should be grown in a wire basket to produce the best effect. 50 cents.

NEW DOUBLE OLEANDER. MAD. MARTIN.

Flowers double, with a beautiful rosy salmon corolla; straw colored throat. 50 cents.

NEW DOUBLE OLEANDER. MAD. PEYRE.

Pure white double corolla; flowers much more compact than *Madoni Grandiflorum*; buds straw color. 75 cents.

COLEUS. MULTICOLOR.

This is a new species from the Soloman Island. The leaves are deeply lacinated. It is remarkable for the rich shades of crimson, red and rose into which the leaves sport; some of the leaves have a bright yellow for a ground color, beautifully marked with rose or red. 25 cents.

COLEUS. PICTUS.

This beautiful and distinct species is an introduction from the Duke of York Island. Its bold and deeply lacinated foliage is curiously streaked with rich brown, on a bright green or yellow ground, the brown turning to a bright red on the yellow surface; these peculiar markings, and the unusual form of the leaves, give the plant a bizarre and curious appearance. 25 cents.

PILOGYNE SAUVIS.

A beautiful climber of remarkably rapid and dense growth, with small, neat foliage; excellent for screens or pillars in summer, and very useful in winter for the house, enduring the hot, dry atmosphere well. 35 cents.

EULALIE. JAPONICA ZEBRINA.

This is one of the most striking and distinct new plants sent out for years. Unlike most plants with variegated foliage, the striping or marking is across the leaves instead of longitudinally, the leaves being striped every two or three inches by a band of yellow one-half inch wide. Late in the fall it is covered with flower spikes that resemble ostrich plumes in shape, which when cut and dried, make handsome ornaments for the house in winter. It is perfectly hardy, and when once planted, will increase in beauty from year to year. Should be in every collection of plants. 75 cents.

MISS LUCY FINNIS.

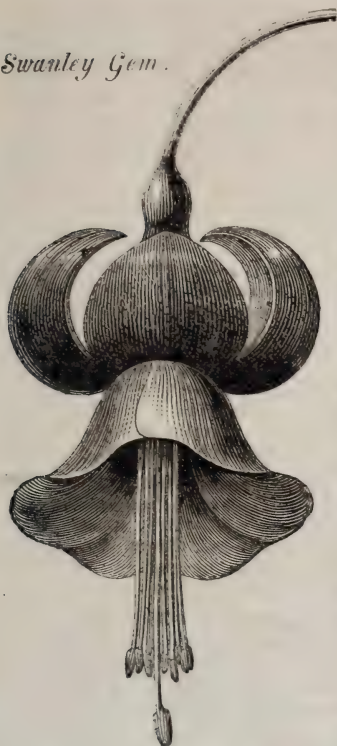

FUCHSIA, NEW DOUBLE. MISS LUCY FINNIS.

One of the finest Fuchsias with double white corolla, ever sent out ; habit dwarf and very graceful ; corolla pure white and very double, of immense size ; tube and sepals coral red. 50 cents.

FUCHSIA. SWANLEY GEM.

Swanley Gem.

The cut conveys but a very inadequate idea of the beauty of this variety, which must be seen to be appreciated. Tube and sepals coral scarlet, the latter very prettily reflexed; its beautiful rose colored corolla, which is frilled, renders it very distinct. 35 cents.

FUCHSIA. LORD FALMOUTH.

A very distinct and effective variety; tube and sepals carmine scarlet; corolla rich violet blue; flowers of perfect shape and great substance; free bloomer; fine bushy habit. 35 cents.

FUCHSIA. GAMBETTA.

Corolla rose color, sepals bright carmine; fine double flowers. 35 cents.

FUCHSIA. LORD BYRON.

Tube and sepals bright crimson, with large, open bell-shaped black corolla, the darkest yet known; fine habit. 35 cents.

FUCHSIA. LUCY LEMOINE.

Very large flowers; sepals red, well reflexed to the tube; corolla snow-white, very double and of enormous size. 35 cents.

FUCHSIA. POLYHYMNIA.

A vigorous growing variety of graceful drooping habit; exceedingly free bloomer; tube and sepals orange scarlet; corolla golden orange; flowers medium size but very showy. 35 cents.

PRIMULA DOUBLE CHINESE. MRS. JOHN SAUL.

This is by far the most beautiful Double Primula we have ever grown. The flowers are nearly twice the size of the old Alba Pleno, the petals over-lapping, and beautifully serrated. Can safely be recommended as the best Double White Primula out. 2½ inch pot plants, \$1.00; 3 inch, \$1.50; 4 inch, \$2.00.

PELARGONIUM. QUEEN VICTORIA.

The most beautiful Pelargonium in cultivation. The number of petals and their peculiar crispy shape, give it the appearance of being double. The color is a rich vermilion, the petals broadly margined pure white, the upper ones blotched with maroon. 50 cents.

PELARGONIUM. CAPTAIN RAKES.

A splendid variety, producing very fine large flowers; upper petals deep fiery crimson, flaked with purplish black, and bordered with carmine; lower petals clear bright fiery crimson. The flowers, which from their fullness appear double, are extremely attractive, and admirably adapted for bouquet making. 50 cents.

PELARGONIUM. DR. ANDRE.

Pink ground, the margin of the petals elegantly fringed. 35 cents.

HIBISCUS.

A beautiful class of green-house shrubs, with handsome glossy foliage and large showy flowers, often measuring four inches in diameter. They succeed admirably bedded out during summer.

HIBISCUS. COOPERII TRICOLOR.

Cooperii Tricolor—A striking ornamental foliage plant. Leaves white, mottled edged and veined rose color, sometimes deep red. Bright crimson single flowers. 50 cents.

Cruentus—Deep blood-red, shaded crimson; of elegant form; large and double. 50 cents.

Carminatus Perfectus—Flowers very large, nearly five inches across, with broad and slightly undulated petals, of a rich, soft carmine rose color, with a deep crimson eye. 50 cents.

Fulgidus—Flowers single, very large, of an intense carmine-scarlet color, paler toward the base, where, on each petal, is an oblong blotch of deep crimson. 50 cents.

Grandiflorus—Rich, glossy foliage; blooming profusely through the Summer, literally covering the plant with scarlet-crimson single flowers. 35 cts.

Kermesinus—Flowers large and effective, very double, with large wavy petals, of a rich carmine-crimson. 50 cents.

Miniatus Semi-plenus—Semi-double flowers of a brilliant vermilion-scarlet; petals waved and recurved; the flowers noticeable for the absence of formality, but are very handsome. 50 cents.

EUCHARIS. AMAZONICA.

A choice stove and green-house bulbous plant, producing its lovely pure white star-shaped flowers in profusion. Flowers three to four inches in diameter and delightfully fragrant. Small bulbs, 35 cents; large bulbs, 75 cents.

BEGONIA. FROEBELII.

A splendid new species from Ecuador; very distinct and attractive, producing well above the foliage, erect bunches of large brilliant scarlet flowers; the foliage is of a bright green color, furnished on the under side with a thick covering of white hairs. 50 cents.

BEGONIA. GLAUCOPHYLLA SCANDENS.

An early flowering and vigorous growing variety, producing its beautiful clusters of rich salmon colored flowers from the axil of each leaf. Its drooping habit makes it a very desirable plant for hanging baskets. 2½ inch pot plants, 25 cents; 3 inch, 35 cents.

CLEMATIS.

Within the past few years great attention has been given to the cultivation of these valuable plants, and a large number of elegant varieties have been obtained, bearing numerous magnificent, showy flowers of large size and superb coloring. For garden and conservatory decoration, either as climbers on walls, trellises or ornamental wire-work of any kind, verandas, arches, rustic poles and pillars, old trees or ruins, or as specimens on the lawn or in borders, or for massing in large beds on lawn, or in flower plats, they have scarcely an equal, certainly no superior, as they embrace nearly every shade of color. The following contains a most desirable collection in every respect:

Fair Rosamond—Blush white, wine-red bar up center of each sepal; handsome flowers, with eight sepals six inches across; exceedingly fragrant; between violets and primroses. 75 cents.

Flammula—A rapid growing vine; flowers small, white and very fragrant; fine for cemetery decoration. 35 cents.

Gem—Flowers large, of a deep lavender or grayish-blue color, acquiring a mauve tint. \$1.00.

John Gould Veitch—A magnificent double blue Clematis; a most profuse bloomer, the flowers being very double, of large size and of a beautiful light blue color. \$1.00.

Jean d' Arc—Flowers white, large and perfect, with three pale blue stripes on each petal. The plant is of vigorous habit, elegant in appearance. \$1.00.

Jackmanii—The flowers, when fully expanded, are from four to six inches in diameter, of an intense violet purple, with a rich velvety appearance, distinctly veined; perfectly hardy. It flowers continually from July until cut off by frost. 75 cents.

Lady Caroline Neville—Fine flowers, from six to seven inches in diameter; color delicate blush white, with a broad purplish lilac band in the center of each petal. \$1.25.

Lady Londesborough—A robust constitution, producing its elegant flowers in great abundance; color a delicate silvery lavender, with a white stripe down the center of each petal. \$1.25.

Lady Stratford de Redcliffe—Mauve color; large, six inches across; eight sepals; red anthers. \$1.25.

Lucie Lemoine—Fine, double white; the flowers are composed of seventy-five to ninety petals. In the first period of its flowering the blooms are semi-circular in shape, resembling a gigantic double white Zinnia \$1.50.

Miss Bateman—A magnificent plant both in growth and flower; the blooms are large, of good shape, and pure white, banded with creamy white down the center of each petal. \$1.25.

Rubella—Flowers of a rich, velvety claret, the deepest color of any Clematis, generally has six petals to each flower; \$1.00.

Standishii—Flowers large violet blue. May and June. 75 cents.

Star of India—Rich violet purple, with a rosy purple band in the center of each petal; flowers of good shape, four to five inches in diameter. \$1.00.

Sir Garnet Wolseley—The flowers are very distinct and attractive, nearly six inches across, of a slaty blue ground color, having in the young state a very effective dash of bronze, and in the matured condition, a showy and distinct bar of plum-red. \$1.50.

Stella—Very showy; the flowers are of a light violet or deep mauve, with a distinct bar in the center of each sepal, of a reddish plum-color. \$1.00.

Thos. Moore—Rich puce violet, eight inches across; white stamens like a passion flower. \$1.25.

OXALIS. ORTGIESI.

A new species from Peru. The plant grows over a foot in height. The upper side of the leaf is rich dark olive green, and the under side a beautiful violet purple. It blooms very freely, bearing nice trusses of bright yellow flowers. 35 cents.

CHOROZEMA. VARIA.

A green-house shrub, flowering in winter and spring, flowers purple and orange, in spikes from four to six inches in length. 25 cents.

EULALIE JAPONICA.

EULALIE. JAPONICA.

A hardy perennial from Japan, with long narrow leaves striped green and white, throwing up stalks four to six feet high, terminating with a cluster of flower spikes on which the individual flowers are arranged; the flowers are surrounded by long silky threads, which when fully ripe, or when placed in a warm room expand, giving the whole head a most graceful and beautiful appearance, not unlike that of an ostrich feather when curled. These dried flowers are valuable as parlor ornaments, as they retain their beauty for a long time. Good plants, 35 cents.

CAMPSIDIUM. FELICIFOLIUM.

A very pretty plant, with handsome fern-like leaves. It is a green-house climber, and has proven itself to be a great acquisition. 2½ inch pot plants, 25 cents ; 3 inch 35 cents.

PALM. LATANIA BORBONICA.

A beautiful Palm with large, deeply divided fan-shaped leaves ; it is of easy cultivation and should be in every green-house collection. 4 inch pot plants, 50 cents.

PALM. BRAHEA FILAMENTOSA.

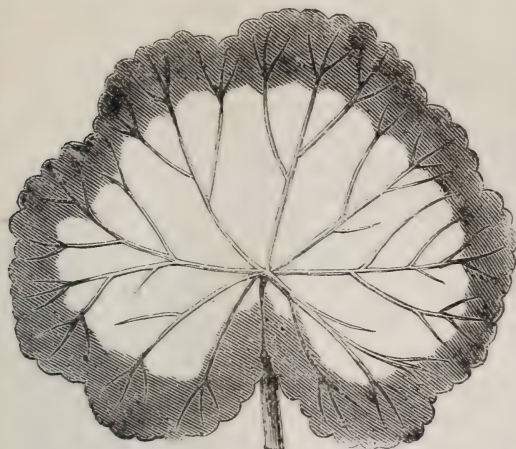

A Fan Palm from Lower California. The novelty as well as the beauty of which, consists in the thread-like filaments which hang from the edges of the leaves, these lengthen as the leaves grow and droop together in profusion, rendering it very distinct and unique in appearance. 50 cents.

PALM. CHAMÆROPS EXCELSA.

A beautiful Palm with stems reaching a height of 20 or 30 feet ; leaves fan-shaped, split deeply into segments. Dark green color. 50 cents.

PALM. CORYPHA AUSTRALIS.

This is one of our most valuable green-house Palms ; leaves nearly circular, margin divided into small segments ; dark green, of easy cultivation. 50 cents.

HAPPY THOUGHT.

GERANIUM. HAPPY THOUGHT.

An entirely new style of variegated-leaved Geraniums, differing from the ordinary form in having a large yellow blotch in center of each leaf, with a band of bright green at the margin. Flowers rich magenta rose. It stands the sun well and is a good bedder. 35 cents

LANTANA. PLICATA.

Plant vigorous ; flowers large and firm, not opening until they have become blackish-red in color, and afterwards closing again ; a singular Lantana. 35 cents.

LANTANA. PLUIE D'OR.

Plant semi-dwarf ; bushy ; vigorous ; flowers small, pure bright yellow ; color invariable. 35 cents.

FERN. LYGODIUM SCANDENS.

A climbing fern from Japan, of a graceful twining habit, often attaining the height of fifty feet in its native wilds. It is easy of culture, treated as other ferns, and is a handsome plant, grown either climbing or drooping. 2½ inch pot plants, 25 cents ; 3 inch, 35 cents ; 4 inch, 50 cents.

COBEA SCANDENS VARIEGATA.

COBEA SCANDENS. VARIEGATA.

A variegated variety of the well known favorite climber, *C. Scandens*. The leaves are margined with yellowish white, which contrasts most beautifully with its purple bell-shaped flowers. It is a vigorous grower, and may easily be trained to a height of 20 feet in one season. 2½ inch pot plants, 50 cents; 3 inch, 75 cents.

COBEA SCANDENS.

A strong vine of rapid growth, with large bell-shaped flowers; needs protection in winter; may be grown in pots for the decoration of green-houses and porticos. 2½ inch pot plants, 25 cents; 3 inch, 35 cents; 4 inch, 50 cents.

ACALYPHA. TRICOLOR.

A free growing plant, suitable for green-house or bedding out; foliage elegantly variegated with olive and red. 50 cents.

ABUTILON. DARWINI.

The flowers of this beautiful abutilon are orange scarlet veined with pink, opening like a parasol, making it distinct from any of the family, all of which are bell-shaped, a profuse bloomer. A very desirable plant. 35 cents.

ABUTILON. LE NAIN.

Very large, clear mauve flowers, with darker veins, slightly shaded with orange; constant bloomer; dwarf habit. 35 cents.

POINSETTIA PULCHERRIMA.

A tropical plant of gorgeous beauty, the bracts or leaves that surround the flower, being, in well grown specimens, one foot in diameter, of the most dazzling scarlet. In a hot-house temperature of sixty degrees, it begins to bloom in November, and remains expanded until February. This peculiarity of blooming in the heart of winter, makes it largely in demand for baskets and vases of cut flowers at the holidays. 2½ inch pot plants, 35 cents; 3 inch, 50 cents; 4 inch 75 cents.

PINK. ALBA FIMBRIATA.

A double white sort of good form and substance, quite fragrant, and extensively grown for winter forcing. Like the rest of its class it is excellent for summer bouquets, flowers one inch in diameter; fringed; perfectly hardy. 2½ inch pot plants, 15 cents.

AMPELOPSIS. VEITCHII.

A hardy climbing plant from Japan; it is a splendid plant for covering unsightly objects, as it clings to stone work, &c., with the greatest tenacity. The foliage is a bright glossy green, shaded with purple, changing in fall to the brightest tints of scarlet, crimson and orange. 2½ inch pot plants, 20 cents; 3 inch, 30 cents.

EUONYMUS.

The following varieties are half hardy evergreen shrubs, with beautiful variegated foliage. They stand out in the southern states without injury, where they make fine plants for the lawn or yard. In the north they make handsome pot plants for the house or conservatory.

Bicolor—A variety of erect growth, with a bright yellow blotch in centre of each leaf. A fine pot plant. 25 cents.

Aurea Marginata—A beautiful variety, with leaves widely margined bright yellow. 25 cents.

Radicans Variegata—A neat trailing variety, with small glossy green leaves

broadly margined white. Valuable for rock work or borders of beds; also for vases or baskets. This variety is hardy in the North. 20 cents.

Argentea Marginata—Similar to the above, with leaves margined creamy white. 25 cents.

The Set of Four Varieties for 75 cents.

CYPERUS. ALTERNIFOLIUS.

An ornamental grass, throwing up stems about 2 feet high, surmounted at the top by a whorl of leaves, diverging horizontally, giving the plant a very curious appearance. A splendid plant for the center of vases or as a water plant. 3 inch pot plants, 20 cents; 4 inch, 25 cents.

CYPERUS. ALTERNIFOLIUS VARIEGATUS.

Similar to the above in habit, but with leaves distinctly striped white; very ornamental. 2½ inch pot plants, 50 cents; 3 inch, 75 cents.

ABUTILON BOULE DE NEIGE.

ABUTILONS.

Boule de Neige—This is, by far the best white flowering Abutilon that has yet been introduced ; all other white flowering sorts have been coarse growing, but in this variety we find a compact growth and abundance of flowers, well suiting it for house culture, where white flowers are desired in winter. (See cut.) 2½ inch pot plants, 20 cents ; 3 inch, 35 cents ; 4 inch, 50 cents.

Hybrida Lemoinii—Flowers bright golden yellow. 20 cents.

Robert George—A free and continuous bloomer ; flowers broad, their large, overlapping petals incurved, presenting a beautiful appearance ; color orange, veined with crimson ; a vigorous habited seedling of *A. Darwini*. 20 cents.

ABUTILONS—(CONTINUED.)

Arthur Belsham—clear crimson, without markings on outside; color brilliant and attractive; flowers large and of good form; vigorous habit; a novel and distinct Abutilon. 20 cents.

Joseph Hill—Beautiful deep orange, with purple veining; flowers broad and

open, beautifully marked in the centre, a vigorous grower. 20 cents.

J. H. Skinner—A most profuse bloomer; clear reddish-salmon; a distinct and free flowering variety; will make an excellent bedding plant. 20 cents.

Striatum—A very free flowering variety; flowers pendulous, bell-shaped, orange yellow, striped red. 20 cents.

Mesopotamicum—A species of trailing or drooping habit bearing pendant flowers in great profusion. The calyx being scarlet, the petals golden yellow. For baskets, vases or rock work, it is invaluable. 20 cents.

Mesopotamicum Variegatum—The foliage of this beautiful new variety is spotted and blotched in the style of *A. Thompsonii*, and fully as attractive as the foliage of that fine plant, its vining habit making it very desirable for baskets and vases. 20 cents.

Duc de Malakoff Variegata—Dark green leaves irregularly marked and shaded with bright golden yellow, the yellow predominating. It retains its variegation during the hottest and driest weather. 20 cents.

A MESOPOTAMICUM.

CLERODENDRUM BALFURI.

A hot-house climber of great beauty. The flowers, which are of a bright scarlet, are encased by a bag-like calyx of pure white; the trusses or panicles of flowers are upwards of six inches in width, and when trained upon trellises, and hanging down, have a rich and elegant appearance. 35 cents.

TUBEROSE. DOUBLE.

We cannot too strongly urge upon the lovers of flowers, the more extensive planting of the Tuberose. It has become an almost indispensable article in its season; its pure waxy white color and delightful fragrance making it the most popular of all for bouquets and baskets. Our bulbs are very fine, and we can guarantee that all will bloom if properly treated. Started in pots, 25 cents each; dry roots, 10 cents each; 12 for \$1.00.

TUBEROSE—PEARL.

TUBEROSE. PEARL.

Its value over the common variety consists in its flowers being nearly double in size; imbricated like a rose, and its dwarf habit, growing only 18 inches to 2 feet. The fragrance and color same as common sort. 15 cents; 10 for \$1.00.

PHYSIANTHUS ALBENS.

A beautiful climber, flowering during the Summer and Fall months. It is of rapid growth; the flowers are pure white; very useful for summer bouquets. 25 cents.

FARFUGIUM. GRANDE.

A fine foliage plant with leathery dark green leaves, distinctly blotched golden yellow. 35 cents.

CALLA. ETHIOPICA.

A favorite old plant for house culture, with large leaves and white trumpet-shaped flowers. 2½ inch pot plants, 15 cents; 3 inch, 20 cents; 4 inch, 25 cents; 5 inch, 50 cents.

CALLA. ETHIOPICA NANA. DWARF ETHIOPIAN LILY.

A dwarf variety, smaller in all its parts than the original, and every way more desirable. 2½ inch pot plants, 25 cents; 3 inch, 35 cents; 4 inch, 50 cents.

OLEANDERS NERIUMS.

It is but recently that we have had much variety in this useful class of plants, but within the last year or two, the French Florists have given us a number of new sorts differing widely from the old varieties, both in the shape and color of the flowers.

CALLA ETHIOPICA.

Atropurpureum Plenum—Large, very double, dark purple flowers; rich color; very fine. 35 cents.

De Brun—Very large double flowers, of a dazzling carmine-lake color; striped with white in the center; free-bloomer. 35 cents.

Gloriosum—Brilliant carmine-pink flowers; very double; showy and desirable. 35 cents.

Jean d'Arc—Pure white, double. 50 cents.

Madoni Grandiflorum—Beautiful double pure white flowers; strong habit; an extra fine variety. 50 cents.

Lutea—Single yellow; free-flowering. 35 cents.

Professor Durand—Flowers double, white with yellow throat; one of the finest. 50 cents.

Rosea Splendens—Large, double, rose-colored flowers. 25 cents.

LOPHOSPERNUM SCANDENS.

A vine of rapid growth, and beautiful dark green glossy foliage, excellent for covering fences or outhouses in summer; attains a height of 20 feet. 25 cents.

ALYSSUM. FOL. VARIEGATA.

This is similar in habit to the common Sweet Alyssum, but with foliage deeply variegated white. For border edgings, or ribbon lines, it is unsurpassed. 15 cents.

PEPEROMIA. RESEDÆFLORA.

Flowers in delicate spire like spikes of snow white. Admirably adapted for button-holes. It is a free bloomer and the spikes last a long time in perfection; leaves velvety, grayish green. 35 cents.

PEPEROMIA. ARIFOLIA.

Leaves narrow and pointed, bright waxy-green, silvery-marked. 35 cents.

CRASSULA. CORDATA.

Fine for winter flowering; it blooms very freely during the late Fall and Winter months; the flowers are pinkish white, star-shaped, borne in spikes. 25 cents.

PASSIFLORA CERULEA. (PASSION VINE.)

PASSIFLORAS PASSION VINE.

A beautiful class of rapid growing climbing plants, well adapted for house culture in winter, or for training over porches, &c., during summer.

Cerulea—A rapid growing vine with very singular purplish flowers, nearly two inches in diameter. 25 cents.

Quadrangulata—Leaves large, light green; blooms of extraordinary size. 35 cts.

Trifasciata—This is an elegant Passion Vine, requiring great heat to fully develop its beauty. A climbing plant, with beautifully variegated foliage; white, rose and carmine. 25 cents.

PASSIFLORAS. PASSION VINE.—*Continued.*

Pfordtii—A beautiful vine with blue flowers; same habit as *Cerulea*. 25 cents.

Princeps—Succeeds best in the conservatory or green-house; flowers bright scarlet. 50 cents.

PLUMBAGO. CAPENSIS.

A shrubby green-house plant, producing large trusses of azure blue flowers, fine for bedding. 25 cents.

PLUMBAGO. LARPENTÆ.

A variety of low spreading growth, flourishing in almost any soil, deserving attention as a bedding plant for which it is admirably adapted in our climate. It is continually covered with deep blue flowers, summer and autumn. 20 cents.

BRYOPHYLLUM CALYGINUM.

A curious succulent plant, the leaves of which, if pinned against the wall, will form young plants around the margins. Greenish-purple flowers in panicles. 25 cents.

BROWALLIA. ELATA.

A valuable Winter flowering plant. The flowers are a deep blue, with a white spot in the center of each floret; a constant bloomer the whole year. 20 cents.

SOLANUM. JASMINOIDES VARIEGATA.

An elegant climbing plant, of free growth, with foliage finely marked, white and green; flowers white, with golden yellow anthers. 20 cents.

SOLANUM. CAPSICASTRUM.

A neat little plant, from six to eight inches in height, with small white flowers, and scarlet berries; well adapted for hanging baskets. The bright scarlet berries are valuable for mixing with flowers in vases and baskets for winter decoration. This plant will stand sharp frosts without injury. 20 cents.

VALLOTA. PURPUREA.

A very beautiful and showy fall flowering bulbous rooted plant; the flowers are borne on stems growing about 12 inches high, and consist of five or six *Amaryllis*-like flowers of a brilliant Roman purple color. 25 cents.

PANICUM. PLICATUM VARIEGATUM.

A very pretty and desirable decorative grass, with deep green foliage striped white, attaining a height of about three feet; excellent for interspersing with other foliage plants. 25 cents.

PANICUM. VARIEGATUM.

A beautifully variegated creeping grass; excellent for baskets, &c. 20 cents.

DAPHNE. INDICA ODORATA.

A small shrubby house plant with evergreen, smooth oblong leaves and terminal clusters of purplish white flowers in winter, of exquisite fragrance. Price, 50 cts to \$1.

AKEBIA QUINATA.

A very beautiful, perfectly hardy, fast growing Japan vine, with magnificent foliage, producing flowers in large clusters of a chocolate purple color, possessing a most delicious perfume; unsurpassed for covering trellises and verandas, the foliage never being attacked by insects. 20 cents.

ARUNDO. DONAX VARIEGATA.

A very beautiful reed-like plant, growing about six feet high, with lance-leaved foliage, beautifully striped with white. 35 cents.

**YUCCA. FILAMENTOSA (ADAM'S
NEEDLE.)**

A tropical looking plant, with long, narrow leaves that remain green the entire year. It throws up a strong flower-stem in summer 3 to 4 feet high, bearing a large spike of creamy white bell-shaped flowers, which retain their beauty a long time; hardy. 35 cents.

YUCCA FILAMENTOSA.

EICHEVERIAS.

A class of plants well adapted for rockeries, carpet beds or outer edge of ribbon beds. Their thick, fleshy leaves enabling them to stand our dryest summer with impunity.

Secunda—This variety forms a neat roseate tuft of green leaves, and produces freely, for several months in succession, bright scarlet flowers with yellow centers. 25 cents.

Secunda Glauca—Similar to the above, with beautiful glaucous green leaves. 25 cents.

Metallica Glauca—A variety with larger leaves than the preceding; flowers yellow and red. 25 cents.

MESEMBRYANTHEMUM. CORDIFOLIUM VARIEGATUM.

A plant well adapted to baskets or vases, as its succulent character enables it to withstand our hot, dry seasons admirably; the variegation of the leaves, white and green, is very distinct, and the star-like purple flowers contrast finely with the creamy white foliage. It is considered one of the finest plants for ribbon lines in bedding out. 15 cents.

PERISTROPHE. ANGUSTIFOLIA VARIEGATA.

A beautiful variegated plant, well adapted for hanging baskets or ribbon lines in bedding; it forms a compact bush 6 inches high and a foot in diameter; the leaves are beautifully marked with golden yellow and green, the yellow predominating. 15 cents.

VINCA. ROSEA AND ALBA.

Plants growing about eighteen inches and blooming constantly, bearing a profusion of star-shaped flowers.

Alba—Pure white; delicate pink center. | **Rosea**—Deep rose color; dark center. 20 cents.

HYDRANGEA. HORTENSIA VARIEGATA.

An exceedingly ornamental plant, with bright green leaves broadly margined with creamy white; flowers pink. 2½ inch pot plants, 35 cents; 3 inch, 50 cents.

HYDRANGEA. HORTENSIA.

A well known and favorite old plant, producing large heads of pink flowers in great profusion; it thrives best in a shaded situation, with a plentiful supply of water. 2½ inch pot plants, 15 cents; 3 inch, 20 cents; 4 inch, 30 cents.

HYDRANGEA. PANICULATA.

HYDRANGEA. PANICULATA GRANDIFLORA. Syn. *H. Deutziafolia*.

This is one of the most valuable hardy shrubs in cultivation ; it attains a height of three or four feet, and is perfectly hardy in all parts of the country. The flowers are white, borne in immense pyramidal panicles nearly a foot in length. The plant should be cut back every spring at least one-half the last season's growth, as the flowers are borne on the new wood and are much finer when the plant is treated in this way. Fine for cemetery decoration. 6 to 10 inches, 25 cents ; 12 to 15 inches, 40 cents.

HYDRANGEA. OTAKSA.

A splendid variety from Japan. Flowers large, bright pink, tinted with blue ; produced very freely. 2½ inch pot plants, 15 cents ; 3 inch, 20 cents.

HYDRANGEA. STELLATA FLORE PLENO.

Flowers double, very abundant, fine form. 2½ inch pot plants, 25 cents ; 3 inch, 35cts.

HYDRANGEA. ACUMINATA.

A beautiful variety ; flowers pink, in large clusters. It withstands the sun well. 2½ inch pot plants, 25 cents ; 3 inch, 35 cents.

ANEMONE JAPONICA. ALBA AND RUBRA.

These are very desirable hardy herbaceous plants, attaining to the height of two feet, flowering in profusion from August to October. Two varieties, white and red. 20 cents.

JASMINUM. GRANDIFLORUM.

From India. Flowers pure white, star-shaped, of exquisite fragrance, blooming from October till May without intermission. 25 cents.

JASMINUM. FRUTICANS.

A free blooming yellow variety. 20 cents.

BRIDAL ROSE RUBRUS GRANDIFLORA.

Large double pure white flowers, very showy and desirable. 20 cents.

CENTAUREA. GYMNOCARPA.

A valuable ornamental-leaved plant, forming a graceful round bush of silvery gray, making a fine contrast when massed with dark foliaged plants. It is also very desirable for hanging baskets, its drooping fern-like leaves being very effective. 20 cents.

CENTAUREA. CANDIDA.

A neat, compact growing plant, with downy white leaves. Massed with the Coleus it forms a striking contrast. 30 cents.

CINERARIA. MARITIMI.

A white foliage plant, somewhat similar to the Centaurea, with leaves deeply cut and of more vigorous growth. 20 cents.

CINERARIA. ASPLENIFOLIA.

A beautiful white foliage plant, somewhat in the style of 'C Maritimi,' but with wider and longer leaves and more dwarf and compact in habit. 20 cents.

ERYTHRINA CRISTA GALLI. (CORAL PLANT.)

A greatly esteemed deciduous summer-flowering plant, producing large spikes of crimson coral-like flowers during the greater part of the summer. It is not hardy, but is as easily kept in the cellar as the Dahlia. 35 cents.

FERN. LOMARIA GIBBA.

A tree fern of elegant growth and easy culture, resembling in appearance some varieties of the palms, a very desirable plant for the conservatory and green-house. 50 cents to \$1.00.

SOLANUM. PSEUDO CAPSICUM FOL. VAR.

A dwarf variety of the old well known Jerusalem Cherry, the leaves being deeply margined sulphur yellow, very desirable for ribbon lines, green-house, parlor, vase, or basket decoration. 15 cents.

THYME VARIEGATED.

Similar to common Thyme, and equally fragrant, with the addition of variegated foliage. Entirely hardy, and beautifully adapted for hanging baskets and vases. 15 cents.

ANEMONE JAPONICA.

CYCLAMEN. PERSICUM.

CYCLAMEN. PERSICUM.

Of this fine plant we offer a splendid assortment, desirable for the green-house and for cut flowers for bouquets in winter. 35 cents.

MARANTAS.

A valuable class of foliage plants for wardian cases and ferneries, requiring a warm, moist atmosphere.

Goveana—Leaves pale green, with blotches of dark green along each side of midrib. 50 cents.

Amabile—Leaves green, feathered with silvery white through center of each leaf. 50 cents.

Pulchellum—Light green, striped with velvety green. 35 cents.

Zebrina—Leaves green, with bands of dark velvety green from midrib to margin. 50 cents to \$1.00.

EUPATORIUMS.

A valuable class of winter flowering plants; the flowers of which are largely used in making up wreathes, crosses, and baskets of cut flowers. They bloom freely from October to March.

Arboreum—White, blooming from October to November.

Angustifolium—White, blooming from December to February.

Elegans—White, blooming from January to February.

Riparium—White, blooming from February to March.

20 cents.

PAMPAS GRASS.

The spikes of this really ornamental grass resemble plumes of white feathers, which are borne on stems above the foliage. It requires protection, or removing to the cold pit or cellar during the winter. 35 cents.

ERIANTHUS RAVENNÆ.

This magnificent plant resembles the Pampas Grass, but blooms much more abundantly. A desirable plant for the decoration of lawns, being hardy. 35 cents.

ERIANTHUS RAVENNÆ.

FICUS. REPENS.

A plant of trailing habit, with small bright green leaves, well adapted to rock work, baskets or vases, and for covering walls in the green-house or conservatory. 20 cents.

SALVIAS.

A very showy class of plants, blooming successively from July until frost. They thrive best in a rich, light soil.

Grahamii Purpurata—A winter blooming variety, of dwarf habit; flower spikes six inches in length, of a deep purplish crimson; a very desirable color in winter flowers.

Officinalis Tri-color—A beautiful variegated variety of common sage; foliage blotched with white, pink and green; dwarf, bushy habit; fine for bedding.

Patens—Large flowers; fine imperial blue.

Rosea—A very robust grower, producing strong spikes of rose-colored flowers.

Splendens Gordonii—This differs from the old *Salvia Splendens*, being more dwarf in habit, with dense flower spikes of brilliant scarlet.

Splendens Variegata—Flowers bright scarlet; beautifully variegated foliage.

15 cents.

RICHARDIA. ALBA MACULATA.

A plant belonging to the same order as the *Calla Ethiopica*, with beautifully spotted foliage. It flowers freely during the summer months, planted out in the open border. The flowers are shaped like those of the *Calla* and are pure white, shaded violet inside. It is a deciduous plant. Should be kept dry in winter and started in spring like a *Dahlia*. 25 cents.

DRACENAS.

One of the most useful class of plants for decorative purposes, for which their bright colored tropical looking foliage, renders them very appropriate.

Australis—Long, graceful, narrow leaves. 25 to 50 cents.

Braziliensis—A robust growing species, with large broad green foliage. 25 to 50 cents.

Terminalis—Rich crimson foliage, marked with pink. 50 cents to \$1.00.

Gracilis—Long narrow green leaves, edged crimson. 50 cents to \$1.00.

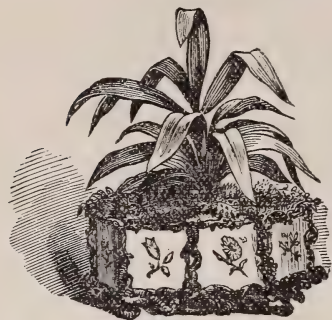

Congesta—Narrow green leaves. 25 to 50 cents.

RICHARDIA. ALBA MACULATA.

HYPERICUM. PATULUM.

A new, hardy evergreen, flowering shrub. The flowers are large, of a light yellow color, and are produced in bunches. It continues a long time in bloom, commencing to flower in June and continuing until frost. 50 cents.

DRACENAS.

Little Negress—Very dark blue.
Madam Facilon—Blush violet.

15 cents each. Our selection of varieties, each labeled, 8 for \$1.00.

HELIOTROPES.

These plants are universal favorites on account of their delightful fragrance. Flowering equally well as bedding plants in summer, or as pot plants in the house during winter.

- Bernice—Deep lilac.
- Beauty of Bordeaux—Lavender.
- Chieftain—Light mauve.
- Caroline Des Antoinnes—Lilac blue.
- Gen. VanHambert—Light lavender.
- Jane Messmer—Light blue, very fragrant.
- Juliette—One of the very best dark colored Heliotropes.

- Peruvianum—Light blush.
- Cardinal Richelieu—Lavender blue.

TIGRIDIAS. (SHELL FLOWER.)

One of our favorite summer flowering bulbs, of the easiest culture, displaying their gorgeous, tulip-like flowers of orange and scarlet, daily from July to October. (See cut.)

- Conchiflora. Yellow.
- Pavonia. Red.

Price, 20 cents each.

VERONICAS.

Plants producing during fall and winter dense spikes of flowers; colors, white blue, violet and rose.

- Andersonii—Lavender and white.
- Glory de Lorraine—Blue and white
- Glory d'Lyons—Rosy crimson.
- Varietatum—Variegated foliage.

20 cents.

AGAVE. AMERICANA VARIEGATA.

Striped leaved century plant a variety with light green leaves, broadly striped creamy white. No plant is more decorative and effective than this for the conservatory in winter, or lawn and garden in summer. 35 cents to \$1.00.

TIGRIDIAS (SHELL FLOWER.)

PRIMULA. (CHINESE PRIMROSE.)

A class of plants of great value for the parlor or green-house ; constantly in bloom.

Alba—White. 25 cents.

Fimbriata—Crimson. 25 cents.

Fimbriata—Pink. 25 cents.

Alba Pleno—Double white. 50c. to \$1.00.

BAMBUSA. FORTUNI VARIEGATA.

A very pretty little plant of dwarf habit ; leaves striped white and green ; fine for vases or baskets. 20 cents.

ORANGE AND LEMON TREES.

Small trees of the best budded varieties. 50 cents to \$1.50.

LIBONIA FLORIBUNDA.

A neat green-house shrub, attaining a height and breadth of 12 to 15 inches. Flowers about an inch in length, scarlet, orange and yellow. Blooms profusely from December to May. 20 cents.

MIMULUS. MUSCHATUS.

The old well known musk plant. 15 cents.

FABIANA. IMBRICATA.

A handsome Erica-like green-house shrub, from Chili, attaining a height of two feet, of easy culture, and producing a profusion of white flowers. 20 cents.

ORANGE.

TRADESCANTIA. ZEBRINA.

Much used for hanging baskets, &c. 15 cents.

TRADESCANTIA. STRIATA.

A variegated variety of the above, leaves beautifully marked with light green and yellow ; very fine for baskets. 20 cents.

TRADESCANTIA. AQUATICA.

An excellent plant for vases, stands, hanging baskets or rock work, and is unequalled as a window plant where a green screen of drooping foliage is wanted. 20 cents.

ACHYRANTHUS.

A beautiful class of leaf plants, more hardy than the Coleus ; used largely for bedding for which they are admirably adapted.

Aurea Reticulata—Foliage pink violet, shaded with crimson ; a fine bedding plant.

Lindenii—Color deep blood red, very attractive during the latter part of summer.

Gilsonii—Leaves of a brilliant lively carmine ; stems of a deep shade of pink ; dense grower ; dwarf habit ; splendid bedder.

Cordata—Leaves a fine red, large, cordate shaped.

15 cents.

ASTILBE JAPONICA.

ASTILBE. JAPONICA (SPIREA JAPONICA.)

One of the finest of hardy garden plants; when in flower, the plants are from twelve to eighteen inches high. The flowers are white, borne on feather-like spikes; used with other flowers in bouquets or vases, it is really beautiful. It is extensively used for forcing for winter flowers by bouquet makers. 25 cents.

PILEA. ARBOREA.

A plant of graceful habit, resembling a Fern in general appearance. It is literally covered with small flowers the entire season; a fine basket plant. 15 cents.

BOUSSINGAULTIA. BASILLOIDES, (Madeira Vine.)

An old, well known climber; a rapid grower, with thick, fleshy leaves and white flowers, grand for trailing in a porch, over a window or in any place where you desire a beautiful green. 15 cents.

SANCHEZIA. NOBILIS VARIEGATA.

A highly ornamental foliage plant with leaves from eight to twelve inches in length, of a bright green color with golden yellow veins and midrib. 35 cents.

RUSSELIA JUNCEA.

A basket plant of neat slender habit, bearing its scarlet tubular flowers in great profusion the entire summer. 15 cents.

AGERATUMS.

A class of free blooming plants, both summer and winter, easy of culture and very desirable for cut flowers.

Mexicanum—A handsome, compact, growing plant, attaining the height of 18 or 20 inches; producing an abundance of delicate blue flowers, both summer and winter; excellent for bouquets.

Prince Alfred—More dwarf in habit and of a deeper blue than the preceding. A most profuse bloomer.

Variegatum.—A handsome variegated sort of the *Ageratum Mexicanum*; foliage finely marked yellow and green; flowers blue.

Tom Thumb—A charming miniature dwarf variety, of compact growth; flowers elegant light porcelain blue, with shades of chocolate and violet.

White Tom Thumb—A pretty dwarf growing plant, attaining a height of only 6 inches, profusely covered with bluish white flowers during the entire season.

15 cents. Our selection of varieties, 5 kinds, each named, for 50 cents.

MYRSIPHYLLUM ASPARAGOIDES. (SMILAX.)

MYRSIPHYLLUM ASPARAGOIDES. (Smilax.)

This very graceful climber is a great addition to our basket plants, possessing the rare qualities of delicate and tolerably dense foliage, and vining habit, admirably adapting it to climbing or drooping, as may be required. For using as a green, with cut-flowers it has no equal, its hard texture enabling it to keep for several days without wilting after being cut. It is also fine as a parlor or window plant. 15 cents.

MAHERNIA.

Small, delicate vines with numerous branches filled with little bell-shaped yellow blossoms. 15 cents.

BOUVARDIAS.

The Bride—A sport from Hogarth, of lovely waxy pink color, a compact and vigorous grower.

Vreelandii—Pure white; compact and vigorous grower.

20 cents; 7 each named, for \$1.00.

BOUVARDIAS.

These are among the most important plants cultivated for winter blooming, producing flowers in great abundance, varying in color from the purest white through the different shades of pink and carmine to the brightest scarlet.

Alba Odorata—Flowers pale, flesh color; fragrant.

Bridal Wreath—Large clusters of delicate blush white flowers.

Davidsonii—White; often delicately tinged pink.

Elegans—Light scarlet carmine, flowers and truss immense size, many of the trusses measuring three to four inches in diameter.

Hogarth—Deep carmine.

Humboldti—Very large star-shaped, wax like flowers.

Leiantha—Rich dazzling scarlet.

Triphylla—Large bright scarlet.

GERANIUMS. ZONALE.

No class of plants are better adapted for bedding purposes in our hot, dry summers, than the Geranium. It flowers profusely during the heat and drouth of summer, when most bedding plants suffer or are dried up. We have this year added many of the newer and scarce varieties to our general list, thereby adding several new and distinct shades. No one should be satisfied by putting here and there a plant in the border, for properly massed and grouped they are really magnificent, and make an impression that few bedding plants are capable of.

Bishop Simpson—A grand variety with very large trusses of rich salmon flowers. 35 cents.

Bridesmaid—Rosy salmon.

Bicolor—White centre, salmon rose; a very distinct variety.

Bret Harte—Fine crimson scarlet; large truss.

Corsair—Vivid scarlet.

Clemence Boutard—White, large pips and truss. 25 cents.

Cardinalis—Very distinct in color from any other in the list, having very large trusses of the deepest scarlet crimson, shaded with maroon.

Crystal Palace—Rosy scarlet; black zone.

Chancellor—Splendid scarlet with white eye; large truss with pips two inches in diameter.

Cromwell—A beautiful variety; flowers crimson scarlet with large white eyes; individual flowers very large and showy.

GERANIUM—ZONALE.

GERANIUMS. ZONALE. (Continued.)

- Col. Holden**—Dark red shaded purple, trusses very large.
- Drapeau Tricolor**—Rich plum-scarlet; very attractive. 20 cents.
- Dazzler**—Exceedingly rich scarlet, with large white eye. Very brilliant, 25 cents.
- Emily Vaucher**—White, red anthers, very fine.
- Glow**—Bright scarlet, large flower; very fine.
- General Grant**—A superb bedding variety with very large truss and brilliant scarlet flowers.
- Gov. Hayes**—Deep purple-crimson flowers of fine shape; growth free and compact.
- Glory De Corbeny**—Salmon, margined with white.
- Harry King**—Vivid crimson scarlet; one of the finest. 25 cents.
- Incomparable**—Salmon, distinctly striped and spotted white.
- Jean Sisley**—One of the finest of its class. It is of dwarf habit, forming large clusters of flowers of the most brilliant scarlet, having a distinct white eye.
- Lucius**—Orange scarlet; free bloomer; fine.
- Little Gem**—Brilliant scarlet; white eye.
- Lord Macaulay**—A distinct and beautiful flower, of a brilliant deep crimson, suffused with a plum-color hue, small white eye, truss large and globular.
- Mrs. Whiteley**—The most brilliant scarlet, with large white eye, in the style of "Jean Sisley," but twice as large pips; a splendid variety. 35 cents.

GERANIUMS. ZONALE.—Continued.

- Mrs. Spencer**—Delicate flesh color; very fine.
- Mrs. Smith**—A fine novelty; flowers bright salmon-red, with extreme tips of each petal blotched with pure white. 25 cents.
- M'lie Edwig Bellot**—Soft rosy-salmon, with light markings; a very beautiful Geranium; flowers well formed and in good trusses.
- Master Christine**—One of the finest pink Geraniums in cultivation; a free grower and great bloomer.
- Orbiculata**—Rich velvety scarlet; compact habit; free flowering.
- Princess Maud**—Bright vivid scarlet, flowers of large size; very free flowering.
- Queen of the West**—Bright orange-scarlet; large truss; profuse bloomer.
- Ralph**—Large crimson flowers; shaded purple.
- Rev. A. Atkinson**—Fine, dark crimson-scarlet; exceedingly large pips and truss; fine bloomer. 25 cents.
- Rose of Allendale**—Large trusses of beautiful, soft rosy-pink colored flowers; of good quality and form, with a white marking upon the upper petals.
- Rienzi**—Fine soft scarlet, good habit, and robust grower.
- Rosamond**—Bright rose.
- Snowball**—Pure white.
- Santley**—Very smooth flowers of excellent shape and good substance, produced in immense trusses. Color a splendid soft orange scarlet with attractive white eye.
- White Tom Thumb**—A neat, compact growing variety with pure white flowers and red anthers, and glossy green leaves, marked with a well defined black ring or zone.
- White Clipper**—The best white flowered Zonale for bedding; very free bloomer; large truss; splendid habit.
- Wood Nymph**—Very free flowering; large truss; color a bright clear pink, with white markings on upper petals; one of the very best.

Unless noted, 15 cents; our choice, all named, 8 for \$1.00; 50 for \$4.00; 100 for \$7.00

GERANIUMS. DOUBLE.

Within the past few years there has been so much improvement in Double Geraniums, that those who have grown only the old varieties can form but a faint idea of the beauty there is in this class. They have been hybridized with the single varieties, until now we have all the shades contained in the single sorts and varieties flowering fully as free, making them equally as valuable as bedding plants, with the additional value of the flowers lasting twice as long when cut. Those wishing a supply of cut flowers for bouquets during summer, cannot do better than to plant a bed of these.

- Andrew Henderson**—Deep scarlet, very large.
- August Schmidt**—Bright scarlet, good truss.
- Asa Gray**—An extremely free flowering sort, of a light salmon-orange color. Being entirely distinct. This is a very desirable variety.
- Anna Montel**—Flowers large, nearly double, of a beautiful rose-pink tinted violet, upper petals white at the base; a beautiful dwarf habited sort.
- Admiration**—Deep rosy-pink.
- Auguste Villaume**—Bright orange-scarlet; trusses and individual florets very large. 25 cents.
- Bishop Wood**—Dwarf habit; upper petals rosy-scarlet; lower petals of a decided purplish shade. 25 cents.
- Crown Prince**—Deep rosy-carmine color; flower large, full and of good form.
- Diego Podda**—Trusses of immense size and having the globular shape of those of the *Nosegay* class; flowers very beautiful and of a novel shade of carminate-rose.
- Depute Laflize**—A truly grand addition; flowers dark vermilion purple; large truss with pips closely packed. 25c.
- Depute Varroy**—Large, rather flat trusses, of double pips, borne well upon firm foot-stalks. Color a bright lake, deep on edge of petals, and shading to white at center; a magnificent shade. 25c.
- Dr. Torrey**—Color delicate pearly pink, plant dwarf and profuse bloomer.
- Dr. J. H. Salisbury**—Distinct and pleasing in its peculiar lavender-shaded

GERANIUMS. DOUBLE—(Continued.)

- pink tints; flowers large and very double, trusses average size; leaves slightly zoned.
- Deloble**—Deep fiery or pure scarlet; most brilliant pips; very double, large trusses; foliage handsomely zoned.
- General Saussier**—Flowers somewhat elongated like a *Nosegay*; color a rich rosy-red with a violet shade; trusses large and individual flowers of fine size.
- Guillion Mangilli**—Dazzling crimson-scarlet with lower petals deeply shaded violet; a most excellent sort; free bloomer.
- George Sand**—An improvement on Aline Sisley, the flowers are larger and a very much better white.
- Illuminator**—Blackish velvety crimson, very brilliant; very double, quilled, extra fine.
- J. C. Rodbard**—Brilliant, clear red-salmon, the petals well expanded, upper ones clearly veined purple.
- Jacoea**—A very free flowering variety, with fine shaped double flowers; of a dark crimson color.
- Jewel**—A very dwarf variety; a free bloomer; deep scarlet in color.
- James A. Garfield**—Flowers large and good shape, of a delicate rosy-pink color. 25 cents.
- Jennie Reid**—Flowers crimson scarlet; large trusses; very compact habit. 25 cents.
- La Veseuve**—Truss very large; color a glowing scarlet.
- Le Pere Secchi**—Pale green foliage with a fine zone; of semi-dwarf habit with large umbels; orange-salmon flowers; very brilliant, free, showy.
- Louis Buchner**—Foliage of medium size; a vigorous grower; flowers clear rosy-peach, bordered and shaded white; of handsome shape; large truss.
- Louise Irene**—Flowers large, of a clear rosy-pink color; truss large; strong grower and a fine bedding variety.
- Unless noted, 15 cents each; 8 each labeled, our choice, \$1.00; 50 for \$4.00; 100 for \$7.00.
- Madame Thibaut**—Flowers large, perfect in shape, of a rich rose-pink, upper petals marked white; an excellent variety.
- Mrs. John Thorp**—Beautiful crimson-scarlet flowers, borne in large trusses well above the foliage; a good grower and a very free flowering variety.
- Madame Boutard**—Pale rose, full petaled flower; very dwarf and free blooming.
- Madame Lemoine**—Bright rosy pink, very fine.
- Marguerite Bruant**—Rosy-salmon, each petal distinctly tipped white.
- Meteor Flagg**—Splendid crimson; large imbricated pips; trusses large. 25 cts.
- Monsieur Dibos**—Flowers well made in the form of rosettes, porcelain white, center glossy rose. 25 cents.
- Peter Cooper**—Crimson scarlet, good grower and free bloomer.
- Sapeur Pompier**—Flowers large, very double and finely shaped; color deep scarlet.
- Souvenir de Lyon**—A magnificent scarlet flower of immense size, single florets often measuring $1\frac{1}{2}$ inches in diameter.
- Souvenir de Castile**—A splendid variety; free flowering; trusses very full; flowers amaranthine red, beautifully toned with violet, one of the best.
- The Ghost**—A fine Double White variety of dwarf habit, producing good trusses of fine ivory-white pips, by far more double and of a purer white than Aline Sisley. 25 cents.
- Venus**—Fine form, petals imbricated; almost pure white.
- Victor Hugo**—Flowers large and borne on fine trusses; color a flaming orange; one of the best.
- Victor Lemoine**—Dazzling scarlet, very large truss; free flowering.
- Wilhelm Pfitzer**—Light brilliant scarlet dwarf, profuse bloomer.
- Wilfred**—A beautiful pearly-white flower, full and well formed; distinct. 25 cts.

GERANIUMS. IVY LEAVED.

A beautiful class of plants with thick glossy leaves, well adapted for rock work and vases, and for drooping over the sides of hanging baskets or training on trellises. They bloom freely during spring and summer, in color varying from white to crimson.

GERANIUMS. IVY LEAVED—(Continued.)

Bridal Wreath—Fine, large trusses of pure white flowers; a very distinct hybrid, with hairy leaves, very unlike all other ivy-leaved kinds; a splendid bedder.

Elegans Floribunda—Flowers bluish white, very free flowering.

PELTATUM L'ELEGANTE.

Willsii Grandiflora—Flowers rich rose color; strong grower; trailing habit.

Dolly Varden—Glossy ivy shaped leaves, which assume a rich golden tint, and are marked with a picturesque dark bronze zone; flowers bright pink.

Peltatum L'Elegante—An extremely pretty variety, of bright green foliage, with a broad band of creamy white, often margined with pink; its pure white blossoms are produced in dense clusters, making it a very effective and desirable novelty. 30 cents.

Double Flowered King Albert—In its growth and habit it equals the best Ivy-leaved Geranium; flowers finely double, of violet-rose color; well suited for baskets and specimen pot plants.

Holly Wreath—Leaves light green, blotched and margined with white.

Variegatum—A variety with golden variegated foliage, and deep rose-colored flowers.

Lady Edith—Flowers crimson, tinged with purple; profuse bloomer.

Remarkable—Decidedly of a climbing habit, flowers rich rose color.

Peltatum Elegans—This beautiful Ivy-leaved Geranium, with its glossy green fleshy leaves and large trusses of mauve colored flowers, is admirably adapted to hanging baskets or trellises.

Princess Thyra—Flesh color, shaded with white; striped crimson.

Butterfly—Bright rose, striped crimson.

Unless noted, 20 cents each.

GERANIUMS. GOLDEN BRONZE.

These Geraniums are admirable for bedding purposes, growing vigorously; succeeding best and assuming their brightest colors during the heat of summer. They not only have attractive foliage; but the beauty and variety of the flowers add additional value to them.

Marshal McMahon—The best of all the bronze Geraniums; ground color of leaves golden yellow, marked with a deep chocolate zone; flowers scarlet.

Fanny—Flowers of a deep salmon color; good truss; very free bloomer; foliage yellow; bronze zone.

Black Prince—Leaf bright yellow with distinct bronze zone; flowers scarlet.

Emperor of Brazil—Leaf light golden yellow with narrow vandyked zone; flowers pink.

Southern Belle—Ground color of leaf light yellow, with a distinct chocolate zone.

20 cents.

GERANIUMS. GOLD AND SILVER.

These are among the most popular foliage plants. Well grown specimens as pot plants, are exceedingly unique for decorating the parlor or conservatory. The Silver Edged varieties, of which "Mountain of Snow" is a type, are useful for edging beds of the dark colored foliage plants and Scarlet Geraniums.

- | | |
|---|--|
| <p>Argus—Deep green foliage, with dark zone and white edge.</p> <p>Beaton's Silver Nosegay—Leaves bright green, margined with snow white.</p> <p>Bijou—Leaves round, silver margined; good bedder; flowers dazzling scarlet.</p> <p>Castlemilk—Pea-green center, well defined white edge; the best of the class.</p> <p>Flower of the Day—Leaves green, margined with creamy white.</p> <p>Italia Unita—Zone bright carmine; flowers scarlet, white eye. 50 cents.</p> <p>Lady Cullum—Broad, rich leaf; crimson bronze zone; suffused and margined with brilliant flame color. Ground color clear yellow. 50 cents.</p> <p>Mrs. Pollock—Bronze red zone, with rays of bright crimson overlapping a rich golden yellow margin. 35 cents.</p> | <p>Mountain of Snow—Foliage margined with pure white; scarlet flowers, extra fine.</p> <p>Miss Kingsbury—Leaves margined clear silvery white.</p> <p>Miss J. Clutton—Broad bright crimson zone, white edge, clear and distinct. 50 cents.</p> <p>Princess Alexandra—Pure white margin, fine bedder.</p> <p>Silver Pheasant—Leaves green and white tinged with carmine; flowers rose.</p> <p>Sunset—Ground color golden yellow, veined with crimson, black and green.</p> <p>Silver Cord—Pure white margin; best white-leaved bedding variety; ample foliage, good compact growth.</p> |
|---|--|

Unless noted, 20 cents. Our selection of varieties, 6 kinds, each labeled, for \$1.00.

GERANIUMS. SCENTED LEAVED.

- | | |
|--|---|
| <p>Apple Scented. 30 cents.</p> <p>Rose Scented</p> <p>Lemon Scented.</p> <p>Dr. Livingston.</p> <p>Pennyroyal Scented.</p> | <p>Ottar of Roses.</p> <p>Nutmeg Scented.</p> <p>Lady Plymouth—Variegated green and white. 35 cents.</p> |
|--|---|

Unless noted, 15 cents.

GERANIUM. VARIEGATED ROSE SCENTED.

A variegated variety of the Rose Geranium; fragrance the same as in the parent variety; leaves fringed with creamy white, sometimes assuming a pinkish tinge, which gives a unique and interesting appearance to the plant. 25 cents.

GERANIUMS. HYBRID PERPETUAL.

This class comprises as yet but a limited number of varieties; their characteristics being, in most of the kinds, fragrance of leaves, with flowers in the style of the Pelargoniums.

- | | |
|---|--|
| <p>Cardinal Richelieu—Scarlet, dark crimson blotch.</p> <p>Odoratum—White, upper petals spotted; foliage like the old Rose Geraniums.</p> <p>Pretty Polly—Orange salmon.</p> | <p>Prince of Orange—Pure white, upper petals spotted crimson.</p> <p>Touchstone—Crimson violet.</p> <p>Shrubland Pet—Very compact form; pink and crimson.</p> |
|---|--|

25 cents.

LAURESTINUS.

A small, elegant evergreen shrub, with an abundance of white flowers in flat compound cymes; valuable for winter decoration. 25 to 50 cents

CACTUS.

An extremely curious and interesting genus of plants; many of the varieties producing magnificent flowers of the most brilliant and striking colors; succeeds best in a sandy loam mixed with a little peat. Water very sparingly.

Cereus Grandiflora—Night Blooming Cereus. Flowers enormously large, and of the rarest beauty; pure white, and opening only at night; stock long, 4 angled. 35 cts. to \$1.

Cereus Triangularis—Stock 3 angled; flowers very large, white; sepals green.

Cereus Flagelliformis—Long, rather slender, prostrate, ten angled; flowers pink color; open by day, and many days in succession; tube longer than the petals.

Cereus Speciosissimus—Stem 4 angled; very large, bright crimson flowers, with tinge of violet inside; stamens white.

Cereus McDonaldi—The largest flower of all the Night Blooming Cereus. 50 cents.

Epyphillum Phyllanthoides—Long, narrow, flat, leaf-like joints, with crenate margins, from which spring the flowers; flowers long, narrow, tubular below, gradually spreading; open by day many days in succession; bright red color.

SENECIO. MACROGLOSSUS.

Epyphillum Truncatum Violaceum—Plants of low, spreading habit; flowers violet red

Epyphillum Truncatum—Flowers crimson scarlet, Unless otherwise noted, 25 to 50 cents.

SENECIO. MACROGLOSSUS.

A decided novelty in the style of the old German or Parlor Ivy, of a dark metallic green hue, veined with silvery gray; vigorous climbing habit, producing large golden yellow flowers; asplendid basket or vase plant. 15 cents.

ALOYSIA CITRIODORA. LEMON VERBENA.

The delightful fragrance of its leaves renders it indispensable in making bouquets. 15 cents.

GNAPHALIUM. LANATUM.

A downy white foliaged plant, of creeping habit, admirably adapted for the front lines of ribbon borders; also a fine basket plant. 15 cents.

GNAPHALIUM. LANATUM VARIEGATUM.

Foliage variegated; not so rank a grower as Lanatum. Very fine for vases, baskets and ribbon beds. 15 cents.

POMEGRANATE. DWARF, PUNICA NANA.

Flowers a peculiar shade of brilliant orange scarlet. It blooms freely when quite small, and large specimens give a profusion of flowers; for fall and winter blooming in the green-house or conservatory, it is quite valuable, where cut flowers are required. 25 cents.

POMEGRANATE.

Lanceolata—Leaves lance shaped, glossy dark green, producing an abundance of scarlet berries. 25 cents. Set of 4 for \$1.00.

AUCUBAS.

Handsome half-hardy evergreen shrubs, with large bright green leaves, beautifully marked yellow. They make splendid conservatory or parlor plants. They are hardy in the Southern States, where they are exceedingly ornamental for the lawn or garden.

Japonica, (Gold Dust Tree)—Leaves large, distinctly speckled golden yellow. 30 cents.

Mascula Maculata—Leaves blotched and marbled with bright yellow. 35 cents.

Felix Femina Picta—Leaves pale green, broadly margined with yellow. 50 cents.

PETUNIAS. DOUBLE.

The Double Petunia is one of the finest of bedding plants for massing, mixed borders, or for vases. The brilliancy and variety of its color, combined with the duration of its blooming period, renders it invaluable for garden decoration.

Asa Gray—White, tinged with lilac and veined amaranth.

Avalanche—White; large and fine.

Imbricata—White, with carmine margin; imbricated.

Marmorata—White, marbled with clear rose.

Ne Plus Ultra—White, shaded and mottled carmine and crimson.

Royal Purple—Very double; fine form.

Sable Queen—Purplish maroon.

GARDENIA. CAPE JASMINE.

The Cape Jasmine is well known for its delicious fragrance, as well as the beauty of the flowers, which are large, white and double.

PETUNIAS—DOUBLE.

GARDENIA—(Continued.)

Florida—Large double.

Radicans—Flowers smaller than the preceding; profuse bloomer.

25 to 50 cents.

ERIANTHEMUM PULCHELLUM.

A splendid winter blooming plant; flowers of a rich deep blue color. 20 cents.

ERICA. MEDITERRANEA.

A delicate little green-house evergreen shrub, covered in early spring with small, pinkish white, bell-shaped flowers. 20 cents.

TRITOMA UVARIA.

TRITOMA UVARIA.

A splendid half-hardy Summer and Autumn flowering plant, producing magnificent spikes of rich orange red flowering tubes. They may be left in the ground during winter with good protection, or can be taken up in the fall and potted, and kept from frost. 25 cents.

IVY. GERMAN.

A beautiful, rapid growing vine; one of the most desirable for hanging baskets or vases. 15 cents.

IBERIS SEMPERVIRENS.

A green-house evergreen shrub, of dwarf habit, with corymbs of pure white flowers, blooming winter and spring. 15 cents.

VIOLETS. SWEET SCENTED.

Double White—Very fragrant.

Belle de Chatenay, (new.)—The flowers are pure white, most delicately perfumed; of immense size, and very double. 25 cents.

Marie Louise—Very fine double flowers; purple, white center.

Neapolitan—Double light blue; very fragrant.

Schöenbrun—Single blue; free bloomer.

PITTIOSPORUM TOBIRA.

An evergreen shrub, producing small but exquisitely fragrant flowers in winter. 35 cents.

PITTIOSPORUM TOBIRA VARIEGATA.

Handsome evergreen, variegated foliage; fragrant flowers. A fine window plant. 50 cents.

TROPÆOLUMS.

Fine plants for winter decorations, or for bedding-out in summer; used largely for rock work, baskets and vases. 15 cents.

CARNATION. MONTHLY, OR TREE.

CARNATIONS. MONTHLY, OR TREE.

These are splendid for the decoration of the flower garden in summer, or conservatory and parlor in winter. The following list includes some of the very best in cultivation, comprising nearly all shades of color.

- Astoria**—Yellow ground, edged with scarlet, crimson and white. 30 cents.
- Astoria Bertine**—Buff, mottled with rose and carmine.
- Admiral Farragut**—White ground, beautifully flaked with scarlet.
- Asa Gray**—Blush, striped vermilion.
- Betsy**—Large brilliant scarlet; fine.
- Boule De Neige**—Large white; fine.
- Darkness**—Dark maroon.
- Edwardsii**—Pure white, large and perfect flower.
- George Washington**—White ground, striped and dotted cherry red.
- Gauntlett**—Light carmine; strong grower, and abundant bloomer. 30 cents.
- Henry Ward Beecher**—White, flaked maroon.
- La Belle**—Flowers pure white.
- La Purite**—Deep carmine; extra fine.
- Little Beauty**—Carmine edge, yellow ground.
- Louise Lenoir**—Very fine maroon.
- M'lle Vernay**—Yellow ground, beautifully fringed, scarlet crimson.
- Monsieur Gambetta**—Yellow ground, flaked crimson.
- Mrs. McKenzie**—Light rose; clove scented.
- Meteor**—Dazzling red; very fine form.
- Norwood**—Deep maroon, large and fine.
- Peter Henderson**—Flowers large and very fragrant; pure white. 35 cents.
- President de Graw**—Pure white; good bloomer.
- Perfection**—Pure white, large.
- Variegated La Purite**—Carmine, striped blush.

Except noted, 15 cents each. 8 sorts each named, for \$1.00

HOYA CARNOSA. WAX PLANT.*

A climbing plant, with thick fleshy leaves, bearing umbels of beautiful flesh colored, star shaped flowers; one of the best plants for house culture, as it stands the extremes of heat and cold better than most plants, and is not easily injured by neglect. 20 cents.

HOYA CARNOSA. WAX PLANT.

PELARGONIUMS.

Our collection of this beautiful tribe of plants contains 20 varieties, including a number of the finest French sorts. We do not attempt a description of the kinds, as they are so varied in the markings of each flower that any description that we could give would convey but a limited idea of the character of the variety.

25 cents.

IVIES. HEDERA.

Valuable for covering brick walls, and upon the north or shady side of buildings; also excellent parlor ornaments, and most desirable hanging basket plants.

Dentata—Leaves much larger than the English, with toothed edges. 35 cents.

English—The well known European variety. 15 cents.

Giant—Similar to the foregoing, with leaves of double the size, and every way more robust. 15 cents.

Palmata—Beautiful green, palm-shaped leaves, conspicuously veined. 15 cts.

IVIES. HEDERA, WITH VARIEGATED FOLIAGE.

The following varieties are many of them finely variegated, and are admirably adapted for suspended baskets, blending beautifully with other plants.

Algerensis Variegata—Leaves large, green, widely margined, silvery white.

Gold Blotched—In growth and shape of leaf very much like the common English, with one half the leaf bright golden yellow.

Latifolia Maculata—Fine, large leaves, beautifully mottled green and white.

Maculata—Leaves deep green, prettily spotted; shade of light green and white.

New Silver—A splendid ivy; one of the best of all; leaves small, green, widely margined with white, and delicately tinted carmine.

Rhomboida Variegata—Leaves cordate, beautifully variegated white and green.

35 cents.

BEGONIA. FLOWERING.

BEGONIAS. FLOWERING VARIETIES.

- These make fine winter flowering plants ; flowers produced in great abundance, hanging in graceful panicles, in color varying from white and pink to the brightest scarlet.
- Fuchsoides Coccinia**—Bright scarlet.
 - Sandersonii**—Deep scarlet.
 - Hybrida Multiflora**—Light pink.
 - Weltoniensis Alba**—Flowers pure white.
 - Weltoniensis**—Rich pink.
 - Richardsonii**—Flowers pure white, in large panicles.
 - Parviflora**—Flowers white ; neat habit.
 - Parnelli**—The leaves are of a rich olive, shaded green ; beautifully spotted with silvery white, giving it a novel and beautiful appearance. 25 cents.
 - Subpeltatum Nigricans**—A variety with rich bronze leaves, flowering very freely. Flowers of a bright pink color. 25 cents.

Incarnata—Flowers light carmine, very free bloomer. Unless noted, 15 cents.

BEGONIA REX.

BEGONIAS. ORNAMANTAL LEAVED VARIETIES.

A magnificent class of house plants, remarkable for the variety and beautiful markings of the foliage ; well adapted to vases and baskets in shaded situations.

- Argentea Punctata**—Leaves dark green, with silvery spots on under surface, and stems red.
- Decaisneana**—Center and margin deep green, broad belt of silvery white.
- Fredric Seigmeyer**—Small grower ; leaves with broad belt of silvery gray.
- Grandis**—Center and margin of leaves bronzy green with band of silvery gray.
- Longifolia**—Long pointed leaves with a very distinct band of silvery white.
- Mrs. Alger**—Center and veins green ; band silvery white, margin green, dotted with white.
- Mad. Wagner**—Leaves with broad white zone, dotted all over with minute silver spots.
- President Vander Heck**—Leaves silvery gray with green center and edges beautifully dotted with green.
- Pruniosa**—Leaves distinctly spotted white.
- Queen of Hanover**—Stems red ; leaves with narrow belt of silver ; ground color of bronze green with pink lustre.
- Robert Buist**—Deep bronze center and margin, broad band of silver.
- Ricinifolia Maculata**—Stems and foliage red and dark green.
- Rex**—Handsome dark green foliage, distinctly marked with a broad, clear belt or zone of silvery white.
- Sanguinea**—Upper surface of leaves dark bronze, red under side, deep red plant of upright style of growth.

BEGONIAS—(Continued.)

Verschaffeltii—Very tall, robust grower ; leaves large, light green, palm-shaped ; flowers pink.

25 cents each. Our selection of varieties, 5 kinds each, labeled, for \$1.00.

LANTANA.

LANTANAS.

We have few bedding plants that bloom more continuously or afford a greater variety of color than the Lantana. Grown in pots or tubs they make splendid specimen plants for porch or lawn, and can be kept in a light cellar during winter.

- Aurantiaca**—Bright orange.
- Cherub**—Orange and pink.
- Countesse de Biencourt**—Plant dwarf and bushy, flowers bright rose and yellow; center sulphur.
- Countesse Morney**—Pink and straw color.
- Flora**—Orange and pink.
- Fulgens**—Yellow and orange.
- Rubra Lutea**—Red and yellow.
- Triumph**—Dark orange.

- Grand Sultan**—Purple and yellow.
- Harket's Perfection**—Foliage variegated with yellow; flowers lilac.
- Lina Etniger**—Straw color, dwarf; a profuse bloomer.
- Mutabilis Major**—Orange and scarlet.
- M. Schmitt**—Brilliant yellow, passing to vermilion-purple.
- Snowball**—Pure white; very free; excellent.

15 cents each; our choice, each named, 8 for \$1.00.

PHLOXES. PERENNIAL.

Few plants give greater satisfaction to the amateur than the Phlox. The ease with which they are cultivated, their entire hardiness, their extended season of blooming and the varied and beautiful colors of the flowers make them very desirable. They succeed well in any good, rich soil, not over dry.

PHLOX.

- Alphonse Karr**—Deep crimson.
- Adolphe Weick**—Violet-red of deep shade.
- Amabilis**—Most charming rosy salmon, with a deep carmine eye; superb trusses.
- Auguste Riviere**—Bright salmon-red flowers, produced in large pyramidal heads. 25 cents.
- Chanzy**—Large rose lilac. 25 cents.
- Domage**—Purplish crimson; superb.
- Dr. Masters**—Brilliant red; extra.
- Gem**—Blush; purple eye.
- Gloire de Neuilly**—Bright, fiery red.
- Gambetta**—Flowers enormous; rose, with bright red center. 25 cents.

- Heloise**—Rose, margined white, striped with a central star of carmine.
- Liervalii**—Dark rose, striped white.
- Madame Lacerf**—Clear paper white.
- Miss McCrae**—Pure white; dark purple center.
- Monsieur Lepere**—Large panicles of satiny-rose flowers, shaded lilac; very bright toward the edges. 25 cents.
- Pelletan**—Large, rosy-white flowers with carmine center. 25 cents.

- Perfection**—Beautiful orange-red flowers in large panicles. 25 cents.
- Resplendens**—Brilliant red; very beautiful.
- Souvenir de Sultzmat**—White; large crimson eye.
- Vicomte Albert de Beaumont**—Lilac crimson; deep crimson eye.
- Virgo Maria**—Pure white.
- White Lady**—Pure white; very fine.
- Wm. Bull**—Rosy-lilac.

15 cents; 8 distinct sorts, each labeled, \$1.00.

CALADIUM. ESCULENTUM.

One of the most striking of the ornamental foliage plants in cultivation, either for pot or lawn planting. It will grow in any good garden soil ; is of easy culture ; a full sized plant, being four or five feet in height, with immense leaves. The roots should be preserved in dry sand in the cellar during winter. 25 cents ; \$2.00 per dozen.

CALADIUM.

FUNKIA JAPONICA. (Day Lily.)

This makes a handsome plant, with broad ovate leaves, and produces pure white fragrant flowers in great profusion. 35 cents.

STEVIAS.

White, winter blooming plants, indispensable in bouquets. 15 cents.

TRICYRTUS. GRANDIFLORA.

A very peculiar spotted flower ; ground color lilac, dotted and marbled white ; hardy. 20 cents.

SAXAFRAGA. SARMENTOSA.

The well known, much used old basket plant, with long, strawberry-like runners. 15 cents.

VINCA MAJOR. VARIEGATA.

A beautiful variegated trailing plant, admirably adapted for hanging baskets and vases ; leaves glossy green, broadly margined, creamy white ; flowers blue. 15 cents.

VINCA HARRISONII.

A variety of strong, rapid growth ; margin of leaves rich dark green, with the central portion light green ; furnishing an abundance of star-shaped, light blue flowers. 15 cents.

MYRTLE—CRAPE.

MYRTLE—CRAPE. WHITE.

A new Crape Myrtle with pure white flowers. A most ornamental plant, contrasting beautifully with the pink variety, and is also useful for bouquets. 35 cents.

MYRTLE. CRAPE.

A neat little tree, bearing exquisitely fringed pink blossoms. 25 cents.

LINARIA CYMBALARIA. (Kenilworth Ivy.)

A neat and delicate plant of trailing habit, with small, bright green, ivy-shaped leaves; fine for hanging baskets. 15 cents.

PINKS. FLORISTS.

These are more dwarfish than the Carnation, growing only about one foot in height. The plants are *entirely hardy*; flowers very double, clover scented, with various shades of maroon, carmine and rose, interlaced with white. Beautiful in summer bouquets. The following sorts embrace nearly every desirable shade of color:

Annotdale,	Juliet,	Pumilla,
Alice,	Kohinoor,	Queen Victoria,
Alfred Harrington,	Laura Wilmore,	Rose of Sharon,
Claude,	Lady Blanche,	Tom Long,
Defiance,	Mrs. Stevens,	Variabilis.
Earl of Carlisle,	Mrs. Pottifer,	
General La Fayette.	Nina,	

15 cents each. Our selection of varieties 8 kinds for \$1.00.

FERNS.

FERNS.

These beautiful plants are now very generally cultivated; their great diversity and gracefulness of foliage make them much valued as plants for vases, baskets or rock-work, or as specimen plants for parlor or conservatory.

- Adiantum Pubescens*—25 cents.
- Adiantum Capillus Veneris*—20 cents.
- Adiantum Cuneatum*—35 cents.
- Adiantum Amabile*—35 cents.
- Asplenium Fabianum*—20 cents.
- Hypolepsis Repens*—25 cents.

- Gymnogramma Sulphurea*—50 cents.
- Nephrolepis Exaltata*, (Sword Fern)
—20 cents.
- Pteris Serrulata*—20 cents.
- Pteris Critica alba Lineata*—25 cents.
- Pteris Longifolia*—25 cents.
- Polystichum Proliferum*—20 cents.

6 choice Ferns, our selection of varieties, each named, for \$1.00.

ABUTILON THOMPSONII.

ABUTILON THOMPSONII.

A splendid acquisition to our ornamental leaved plants, of an erect, graceful habit. The leaves are mottled or marked with bright golden yellow, and retain their variegation during the hottest weather. 20 cents.

CUPHEA.—Platycentra. (Cigar Plant.)

Scarlet pendulous flowers; neat compact habit; constant bloomer. 15 cents.

SCHIZOSTYLIS—COCCINEA.

A bulbous rooted plant, flowering in spikes varying from deep crimson to vivid scarlet; blooming profusely during the fall and winter months. The flower spikes remind one of miniature stalks of Gladiolus. 20 cents.

ACANA. MALVAVISCUS.

A vigorous growing plant, resembling the Abutilons in habit and growth; valuable alike for bedding or pot culture; blooming profusely throughout the entire year; flowers brilliant scarlet. 20 cents.

COLEUS.

We would especially commend the Coleus as the most desirable and popular of all leaf plants. The many varieties of recent introduction, especially of the new Golden Tri-color section, have added such diversity to their markings, that our assortment now appears to compass all desirable colors.

Attraction—Pea green, mottled with rich chocolate-colored spots.

Bauseii—Deep chocolate crimson leaves, deeply serrated.

Beauty of Widmore—Deeply serrated leaf, margined white, with bronze and carmine splashes.

Baroness Rothschild—Bronzy crimson center, edged golden yellow.

Beauty of Rosedale—Bright crimson, edged and mottled golden yellow.

Chameleon—A beautiful variety. The ground color of the leaf is a carmine pink splashed with maroon and the edges are fringed with yellow. Every leaf contains different shades. 30 cts.

Excellent—Deep shade of maroon, netted with light green.

Elegans—Light green, striped and mottled maroon. 25 cents.

Gem—Rich deep brown, margined and netted with green.

Golden Gem—One of the most beautiful of all the golden varieties. Leaves crimson bronze, margined with bright sulphur yellow.

Hendersonii—Velvety, with purplish crimson center, distinctly bordered, lively green.

Her Majesty—Bronzy red center, greenish yellow margin; one of the best.

John Dick—Deep crimson, dashed with chocolate; widely margined yellow.

Little Anna—Leaf very dark crimson, edged yellow.

Nellie Grant—Leaf brilliant crimson, margined with the brightest golden yellow.

Mutabilis—Purple, suffused with brown; blotched yellow.

Musaica—Marbled and spotted with yellow and rich crimson. 25 cents.

Prince of Prussia—Crimson scarlet; margined yellow.

Princess Royal—Center reddish bronze; light yellow edge; beautiful.

Queen Victoria—Rich bronze and light crimson; bright yellow edge.

Refulgens—Dark bronzy purple.

Sylph—Dark blood red, with black veins and fine yellow edge.

COLEUS—(Continued.)

- Setting Sun**—Rich bronze, crimson center; bright golden edge.
Shah—A variety with rich cinnamon leaves marked to half their depth with golden yellow. 25 cents.
 15 cents each. Our selection of varieties, 10 plants all named, \$1.00. \$4.00 per 50; \$7.00 per 100.
- Umpire**—Bronze crimson, slightly edged yellow; finely serrated.
Verschafeltii—Rich velvety crimson.
Zanzibar—Yellow blotched crimson; very fine. 25 cents.

FUCHSIAS.

These are the most graceful of all cultivated plants; nothing can surpass the beauty of well grown specimens. They delight in a light, rich soil, and may be grown either as pot plants or planted out of doors. In either case they should be protected from the hot mid-day sun.

FUCHSIA.

- Aurora**—Sepals flesh color; corolla orange scarlet.
Arabella Improved—Tube and sepals pure white; corolla rose color.
Avalanche, (Henderson's)—Large double purple corolla, bright crimson sepals.
Bismarck—Large, double, violet purple corolla, scarlet tube and sepals.
Brilliant—Corolla bright scarlet; sepals white.
Beauty of Sherwood—White tube and sepals; violet crimson corolla.

- Beacon**—Sepals deep rose; corolla carmine, shaded violet.
Blue Boy—Scarlet sepals, purple corolla.
Covent Garden White—White tube and sepals; corolla rose.
Carl Halt—A white and red striped variety; a very graceful, beautiful sort, differing from all others; a capital winter blooming variety; very profuse.
Dolly Varden—Corolla double violet; sepals scarlet.
Diadem—Tube and sepals scarlet; corolla violet, double.
Day Dream—Corolla maroon; sepals crimson, double.
Elm City—Sepals rich crimson, enclosing corolla, forming globular balls; dwarf and compact in habit; extra fine.
England's Glory—Waxy white sepals; corolla bright pink.
Evening Star—Tube and sepals white; corolla brilliant carmine.
Enchantress—Scarlet crimson sepals, well reflexed corolla, large double white.
Erecta—Tube and sepals crimson, stained white; corolla rosy pink. Flowers perfectly erect and well above the foliage. 25 cents.
Grand Cross—Tube and sepals vermilion, corolla violet.
Gem—A variety with golden foliage; corolla double purple, sepals crimson.
Golden Treasure—The most attractive bedding variety, with golden leaves; habit compact, retaining its foliage well through the season.
George Felton—Large double purple corolla, crimson sepals; early.
Gipsy Queen—Scarlet tube and sepals; violet corolla.
Jolly—Tube and sepals pure white; bright pink corolla.
Lord Derby—Corolla bright blue; sepals bright crimson.
La Grandeur Double; deep blue corolla; sepals crimson.
Mrs. H. Cannel—Corolla large double white; sepals crimson. 25 cents.
Mrs. Thorley—Corolla pure white; sepals rich crimson, recurved.
Mrs. Marshall—Blush white tube and sepals; light purple corolla; very profuse bloomer.

FUCHSIAS—(Continued.)

- Mad. Beant**—Double white corolla; scarlet tube and sepals. One of the best double white.
- Microphylla**—A neat little plant of dwarf, compact habit, bearing small rose colored flowers in great profusion the year round.
- Nardy Freres**—Large double white corolla; bright red sepals.
- Pillar of Gold**—Beautiful golden yellow; flowers style of Prince Imperial.
- Prince Imperial**—Dwarf, early, extra fine.
- Puritana**—Sepals carmine; corolla pure white; early.
- President McMahon**—Corolla scarlet; sepals greenish yellow.
- Procumbens**—A very slender trailing habitated plant. By its small, roundish leaves, it is so dissimilar to its allied forms as to give at first sight the impression of a small specie of Moneywort (*Lysimachia*) the small flowers are borne snugly in each axil; and orange yellow. A fine basket plant. 25 cents.
- Reine Blanche**—Sepals blush; corolla crimson scarlet.
- Rose of Castile**—Tube and sepals blush white; corolla large, rosy purple.
- Rose of Denmark**—Tube and sepals ivory white; corolla clear pink, belted with rich carmine.
- Sheller**—White sepals; corolla deep purple.
- Sir Colin Campbell**—Sepals dark scarlet; corolla purple, double.
- Sir Harry**—Unexpanded sepals, globular, crimson; extra fine.
- Speciosa**—Pale red tube and sepals; dark red corolla.
- Striped Unique**—Tube and sepals bright crimson; corolla light blue, striped with pink; large and very double.
- Snow Drop**—Sepals crimson; corolla white.
- Sunray**—This is an exceedingly novel and interesting plant; its leaves are richly marked in about equal proportions, with bright crimson, creamy white and bronzy green; the colors remaining permanent by outside exposure. It is a most valuable decorative plant on account of its foliage, while its freely produced flowers lend an additional feature to its value as a conservatory or window plant. 25 cents.
- Sedan**—A very distinct variety; corolla and sepals nearly the same color, rose, shaded crimson, blooms very freely; good habit. 25 cents.
- Starlight**—Waxy-white tube and sepals; long rosy lake corolla.
- Triumphans**—Tube and sepals crimson carmine; corolla rich plum color; double.
- Try Me, Oh**—Tube and sepals intense coral red, regularly reflexed; corolla dark plum color. 25 cents.
- Tower of London**—An effective and beautiful double flower, with broad carmine scarlet sepals elegantly recurved, and very large rich violet blue corolla, occasionally striped or barred with carmine rose; of free growth and graceful outline.
- Vanquer de Puebla**—Sepals crimson; double white corolla; veined rose.
- Victor Cornellison**—Corolla white, veined carmine; sepals coral red, double; extra.
- Virgo**—Tube and sepals pure white; corolla magenta color. 25 cents.
- Warrior**—Stout tube and sepals, deep crimson; corolla large, rosy purple, with vermilion shade; very showy; fine.

Unless noted, 15 cents each. 8 sorts, all named, our choice, for \$1.00.

DIANTHUS. VERSCHAFFELTI.

Forms a most beautiful shaped plant, blooming in May and June; flowers white, ribboned with crimson; double and two inches in diameter; fragrant. 20 cents.

DIANTHUS. QUERTERI.

Flowers rich purplish crimson, two inches in diameter; double and well formed; it blooms without intermission from June to January, and is an exceedingly useful plant for bouquets. 20 cents.

VERBENAS.

VERBENAS. GENERAL COLLECTION.

One of the most useful and popular plants for bedding out. Affording constant bloom and an almost endless variety of colors and markings, and are of the simplest culture and management. We have added many new and fine varieties to our list this season and left out several of the old and inferior sorts. Selections made from the following list cannot fail to please :

 - Sacco**—Translucent rose color.
 - Serratifolia**—Dark crimson, slightly spotted white.

Unless noted, 35 cents to \$3.00. Our selection of varieties, 3 kinds, each labeled for \$1.00.

CALCEOLARIAS. SHRUBBY.

Plants of easy culture ; their singular shaped flowers and novel shades of color recommend them to all lovers of flowers.

- Black Prince**—Crimson maroon.
- Golden Dwarf**—Bright yellow,

The Emperor—Chestnut color.

20 cents,

CANNA.

Souv. De Barrillet-Deshamps — Green, shaded with maroon foliage; splendid large crimson flowers.

CANNAS.
 These stately and highly ornamental species of plants impart a luxurious tropical aspect to gardens, lawns and other pleasure grounds by their broad, massive leaves, richly varied with different shades of green, bronze and crimson, with scarlet, orange and yellow flowers, which, by late improvements, approach in form and color the flowers of the Gladioli. They are also valuable for large pot culture as portable specimens in pleasure ground decoration, and for groups in large conservatories. To insure the finest kinds, named sorts must be procured, as they do not reproduce themselves true from seed.

Bonneti Excelsa—Olive-green and purple foliage; very large orange-red flowers.

Mons. Allegatier—Large green and bronzy purple foliage; very large orange-red flowers.

President Faivre—Foliage bronzy maroon; flowers large crimson, extra.

Superba — Large dark green foliage orange-crimson flowers.

Victor Lemoine — Dark bronzy green leaves; very large orange flowers.

50 cents each. Fine unnamed varieties, 25 cents, \$2.00 per 10.

ARTEMISIA STELLARIS.

A plant with silvery foliage, much used for hanging baskets and for ribbon lines in bedding; perfectly hardy. 15 cents.

STAPELIA SERPENTINA.

A curious plant, of low, spreading growth, resembling a Cactus; flowers star-shaped yellow, spotted brown. 20 cents.

AZALEA INDICA.

Next to the Camellia the Azalea stands unrivalled in its beauty in the decoration of the greenhouse and conservatory.

Alba Perfecta—Large, pure white.

Admiration—White, striped carmine.

Amoena—Small, semi-double flowers of rich rosy crimson.

Bernard Andres—Bright rosy purple, star-shaped, double and free.

Brilliante—Bright red.

Delicata—Rosy pink.

Distinction—Large, salmon, striped, good.

Eulalia Van Geert—Large, bluish, spotted pink.

Flag of Truce—Pure white, large and double.

Indica Alba—White, one of the best.

Louis Von Baden—A beautiful pure white of the finest form

Rose Illustrata—Rose color, semi-double.

Souvenir de Prince Albert—Bright rose, with broad margin of pure white, semi-double.

35 cents to \$1.00.

AZALEA INDICA.

CHRYSANTHEMUMS.

This class of plants embrace nearly every shade of color, blooming as they do after the early frosts have destroyed most other flowers; they fill a place in the garden or border that few other plants can. Taken up and potted before hard frosts, they make handsome pot plants during the late fall and early winter months. The Chrysanthemum is perfectly hardy, and grows well in almost any kind of soil with very little care.

Bouquette Blanc—Pure white.

Canrobert—Beautiful yellow.

Empress of India—White.

Golden Crest—Rich dark yellow.

Golden Queen—Bright yellow.

Crimson Perfection—A most desirable and effective variety with beautiful bright crimson flowers. One of the richest and best colors in the pompon section. 30 cents.

Innocence—Pure white, full and fine.

Jonas—Golden, yellow tipped.

Little Creole—Brown orange, very dwarf; compact habit.

Lilac Gem—Very dwarf; fine habit.

Lucinda—Rosy lilac and blush; fine.

La Grand—Rosy peach, broad petal.

Mad. Heale—Fine white.

Mrs. Geo. Rundle—The most beautiful White Chrysanthemum in cultivation; fine for cut flowers. 30 cents.

Mad. Fanny—Bright crimson.

Mrs. Campbell—Rich crimson.

Prince Albert of Prussia—White fimbriated.

Profusion—Deep blush.

Rose D'Amour—Rich shade of Rose.

Solfatare—Yellow

Sunset—Carmine.

Virgin Queen—Snow white.

Venice—Delicate peach shade.

White Princess—Pure white.

Yellow Queen—Bright golden yellow.

Unless noted, each 15 cents; 8 sorts, all named, our choice, \$1.00.

CHRYSANTHEMUMS. JAPANESE HYBRID.

The large, gay flowers of these varieties are very showy, being much less formal than the ordinary kinds, and their unique tassellated flower petals form a very attractive feature, making the conservatory and green-house look quite gay during the dull winter days.

Abd-el-Kader—Rich crimson maroon.

La Chinoise—Dark maroon, golden tips.

Viceroy of Egypt—Deep rosy crimson, under side of petals white.

Madame Chapon—Orange and yellow plated petals.

Laciniatum—Flowers double, nearly three inches in diameter, delicately fringed, and of the purest white.

James Salter—Lilac and Yellow.

Red Dragon—Red chestnut, tipped with yellow.

20 cents, 6 sorts, our choice, each named, \$1.00.

ALTERNANTHERAS.

Dwarf, bushy plants with brilliant colored leaves, excellent for vases or hanging baskets. Planted in light soil in the flower garden, they succeed to perfection, the great heat of the summer sun bringing out the full beauty of the foliage.

Amœna—Leaves tinted yellow, brown and rose.

Latifolia—Broad leaf, very fine.

Magnifica—A very beautiful and effective bedding variety of a dwarf, compact habit richly marked with flame, merging into a brilliant magenta rose center.

15 cents.

COCOLOBA. PLATYCLADA.

A peculiar flat stemmed plant, somewhat resembling a fern, well adapted to hanging baskets, vases, rock work, &c. 15 cents.

GLADIOLUS.

Of all our summer flowering bulbs, the Gladiolus stands eminently at the head as the most varied and beautiful class. The flowers are produced in spikes two feet in height and upwards; the brilliant scarlet and crimson of some, form a striking contrast with the delicate shades and pencillings of the lighter colored varieties. By planting at intervals, from May first to middle of June, a succession of flowers can be had from July to October. Our seedlings are unusually fine, and comprise every shade of color from creamy white through the different shades of pink and scarlet to bright crimson.

- | | |
|--|---|
| <p>Adonis—Pale flesh, veined and penciled with crimson.</p> <p>Amabilis—Brilliant scarlet, shaded orange and red.</p> <p>Bernard de Jussieu—Violet ground, tinted with cherry and purple.</p> <p>Brenchleyensis—Rich, dark scarlet; very brilliant.</p> <p>Compte de Morny—Dark cherry red, blotched with white and striped with purple.</p> <p>Calypso—Rose, stained carmine.</p> <p>Dr. Andre—Very bright orange.</p> <p>Edith—Clear pink, lower petals tinged straw color and maroon.</p> <p>Eugene Scribe—Large fine flower, delicate rose, blazed with crimson.</p> <p>Fulton—Velvety vermilion, bright purple stain, large flower, fine form; magnificent.</p> | <p>Galathea—Nearly white, with carmine stains.</p> <p>Intermedium—Sulphur, bordered with maroon.</p> <p>Jean d'Arc—White, slightly tinged with rose and striped with carmine.</p> <p>John Bull—Ivory white, tinted with yellow and lilac.</p> <p>Louis Van Houtte—Velvety carmine with purple stains.</p> <p>Lord Byron—Very brilliant scarlet, stained and ribboned with pure white; very showy.</p> <p>Mad. de Vetry—White, carmine stains.</p> <p>Mad. Victor Verdier—Rose, stained crimson and purple.</p> <p>Penelope—White, slightly tinged with pink, lower petals yellow, tinted with carmine.</p> |

| Prince Imperial —White, carmine stripes, fine and large. | Stephenson —Carmine cherry, slightly striped with white. |
| Rosa Barry —Pale flesh, shaded with rose, striped with purple. | Thunberg —Cherry orange, with large white stain, flowers large. |
- 25 cents each; \$2.00 per doz. Fine seedlings and mixed varieties, all good blooming bulbs, 15 cents each; \$1.00 per doz.

SEDUM.

SEDUMS.

A valuable class of plants for rock work, as they stand the hot sun and dry atmosphere admirably.

- Sieboldii**—Perfectly hardy, small round leaves; flowers rose color. 20 cents.
Sieboldii Variegata—Same as the above, with leaves edged with creamy white; hardy. 20 cents.

MYRTLE BRIDE'S.

An evergreen green-house shrub with pure white flowers, blossoming in early spring. 15 cents.

LOBELIAS.

A valuable class of plants for hanging baskets, and for front row in ribbon lines. They are unsurpassed for the beauty and profusion of their flowers.

- Erinus Speciosa**—Dark blue. 15 cents.
Speciosa Paxtonii—Blue; white eye. 15 cents.

AIRA CERULEA VARIEGATA.

A variegated ornamental grass, twelve inches in height, with graceful flower spikes of purplish blue, striped green and purple; hardy. 20 cents.

FESTUCA GLAUCA.

An ornamental grass with grayish green leaves; fine for baskets. 15 cents.

PANSIES.

Selected from the finest strains of flowers, very large size and beautifully marked, and many of them equal to the best European varieties. 10 cents each; \$1.00 per doz.

FEVERFEW. DOUBLE.

Double daisy-like flowers, blooming during the summer and fall. 15 cents.

LYCOPODIUMS AND SELAGINELLAS.

Admirably adapted to wardian cases and ferneries, requiring partial shade and moist atmosphere.

Coercium, - - - - -	15 cents.	Plumosa, - - - - -	20 cents.

Entire set, \$1.50.

AMARYLLIS. FORMOSISSIMA. (Jacobæa Lily.)

Crimson velvet color, flowering early in the summer. The flowers have a most graceful and charming appearance. To be planted out in May in rich ground; the roots are preserved like Dahlias during the winter. 25 cents.

AMARYLLIS. ATAMASCO.

Pink and white; free bloomer. 25 cents.

DAHLIA.

DAHLIAS. GENERAL COLLECTION.

Well known autumn flowering plants, growing from two to five feet high, and producing a profusion of flowers of the most perfect and beautiful forms, varying in color from the purest white to the darkest maroon.

Agnes—Pure white, very fine.

Amazon—Yellow, margin fringed red.

Chief—White, edged dark crimson.

Duchesse of Beaufort—Blush white, tipped and edged with dark purple.

Dom Pedro—Scarlet, tipped white.

Duchess de Cambridge—Blush, tipped and edged with dark purple, fine form.

Dr. J. P. Kirtland—Dark red, very large; good form.

Frank Smith—Bright red.

Forget-me-not—Crimson, largely tipped white.

Hoofmeister—Yellow, tipped red.

Helen Potter—Blush white.

DAHLIAS—(Continued.)

Pot Plants, 20 cents; \$2.00 per doz. Dry Roots, 25 cents; \$2.50 per doz.

CESTRUM. (Night Blooming Jesamine.)

Winter blooming plants bearing fragrant flowers.

- | | |
|---|------------------------------|
| <p>Auranticum—Orange yellow.</p> <p>Laurifolium—Pure white.</p> | <p>Parqui—Orange.</p> |
|---|------------------------------|

20 cents.

ALOE. SERATIFOLIA.

Flowers orange colored; leaves large and fleshy. 25 cents.

ROSES.

There are few flowers grown that are more universally admired than roses, and their cultivation is yearly extending as it becomes more generally known with how little trouble they may be grown, and at how small an expense procured. It is thought by many that roses, to succeed well, must have some special treatment. This is not so. All that is necessary is to furnish them a good stiff loam well enriched with thoroughly rotted manure, and they are as certain to do well as a bed of Geraniums or Verbenas.

What Varieties to Plant.—We frequently have orders for hardy everblooming roses, and when such orders come from the Southern States, they can be filled to the letter, as there the Tea, Noisette, China and Bourbon classes are hardy and grow and bloom well without the least protection. But when such inquiries come from the north, they are difficult to fill. Here the everblooming roses grow and bloom beautifully all through the summer and fall, but are not entirely hardy, while the classes that are hardy do not bloom all the time. To such as must have hardy roses, we say order Hybrid Perpetuals, Climbers, &c., but where a continuous supply of flowers are wanted throughout the entire summer and fall, order everblooming varieties or those classed under the head of Teas, Noisette, China and Bourbons.

Protection.—They may be protected during winter, except in the extreme north, by being bent to the ground and a covering of six inches of leaves or straw, (leaves are best), thrown over them, and a little brush on this to keep them from blowing off. Defer covering for winter until cold weather has fairly set in, as moderate freezing will not injure them. Treated in this way, three winters out of four they will go through unharmed, and even should they be killed outright, they can be replaced about as cheaply as other bedding plants.

SCARCE SORTS AND THOSE OF SPECIAL MERIT.

ROSES. TEA.

Cornelia Cook—A beautiful light flesh-colored variety. A vigorous grower and free bloomer. Fine for winter flowering. 35 cents.

Comtesse Riza Du Parc—Flowers medium to large size; double; globular; beautiful China rose color, upon a copper ground; very vigorous grower. 35 cents.

Duchess of Edinburg—A novelty among Tea Roses; color a rich glowing crimson; hitherto unknown in this class; flowers large, full and fine form. 50 cents.

Letty Coles—Beautiful flesh-colored flowers, richly marked with deep pink; free flowering. 35 cents.

Niphotos—Pale lemon, changing to pure white; very large and full; one of the finest of all Tea Roses. 35 cents.

Perle Des Jardins—This is one of the very finest sorts of recent introduction. The flower is very large, full globular form, color clear golden yellow; very fragrant. 50 cents.

Souv. De Mad. Pernet—Fine light rose shaded with clear yellow; new and very effective in color; large, almost full globular form. 35 cents.

Souv. George Sand—Growth very vigorous; very fine tulip form; salmon-rose, reverse of petals lilac; large and full; a splendid rose. 35 cents.

ROSES. HYBRID PERPETUAL.

Captain Christy—Flowers very delicate flesh color, deeper in center; very effective and new color; large flower, and vigorous grower. 35 cents.

Dr. Hooker—Rich scarlet crimson, with violet shading; distinct in color; very double, round flower. 35 cents.

Magna Charta—Bright pink, suffused with carmine; very large, full, and of good form. 35 cents.

Mons E. Y. Teas—Dazzling deep cherry red; large, full, and of the most perfect form. 35 cents.

ROSES. TEA—GENERAL COLLECTION.

These are celebrated for their peculiar and delightful fragrance and the delicacy of their coloring. In this class are found the greater part of the roses that are called ever-blooming; in color they range from the purest white to bright crimson.

- Aline Sisley**—A fine Tea rose, of a rare shade of violet red, brightened with crimson. A new color in this class. 20 cents.
- Adam**—Large; bright pink.
- Adrienne Christophe**—Light yellow, shaded rose.
- Aurora**—Beautiful rosy blush, changing to clear rose; very pretty and desirable.
- Bon Silene**—Noted for the great size and beauty of its buds; deep rose color; very fragrant; one of the very best for winter flowers.
- Bongere**—Bronzed rose; distinct and fine.
- Bianqui**—Pure white, with light yellow center.
- Belle Fleur d'Anjou**—Very bright, fresh rose; outside of petals white; large double, fine form. 25 cents.
- Coquette de Lyon**—Canary yellow; medium size; good form; very free flowering. From the freedom with which this excellent rose blooms, it may truly be called *yellow* *Hermosa*, and should be found in every collection. 20 cents.
- Clara Sylvain**—Pure white; creamy center; very fragrant. 20 cents.
- Devoniensis**—Light straw color, with buff center.
- David Pradel**—Light rose.
- Duchesse de Brabant**—Pink; very fragrant; one of the finest pink Teas in cultivation; very free flowering.
- Gerard Desbois**—Carmine; very fine.
- Gloire de Dijon**—Cream, shaded with flesh color. 25 cents.
- Gen. Tartas**—Deep rose color; large and double.
- Isabella Sprunt**—Canary yellow; very free bloomer.
- Jean Pernet**—Creamy yellow, with deep yellow center; very double. 25 cents.
- Lady Warrenden**—Pure white, creamy center. 20 cents.
- Laurette**—Lemon and pink; free bloomer.
- Le Pactole**—Clear yellow; double, medium size.
- La Jonquille**—Golden yellow. 20 cents.
- Louis Gigot**—Pure white. 20 cents.
- La Nankeen**—Apricot yellow; large and full. 20 cents.
- Mad. Camille**—Delicate salmon pink, veined white.
- Madam Bravy**—White, rose center.
- Madam Maurin**—Light straw color; double and fine.
- Mad. de Vatry**—Deep rose.
- Mad. Margottin**—Beautiful dark citron-yellow center; large and fine form. 20 cents.
- Mad. Hippolyte Jamain**—Outer petals pure white, large; center petals smaller, and of a coppery yellow, tipped with delicate rose; large, full, and of fine form. 25 cents.
- Mad. Jules Margottin**—Bright pink, with crimson center, tinged with yellow; large, very sweet. 20 cents.
- Mad. Damaizin**—Beautiful rosy salmon.
- Mad. Falcot**—Apricot yellow; double. 20 cents.
- Mad. Ristori**—Blush; free bloomer.
- Maria Ducher**—Salmon rose; large, full.
- M'lle Rachel**—A beautiful rose, almost pure white, with a delicate tinge of lemon; very double; makes splendid buds; a very free bloomer. 25 cents.
- Mad. Brest**—Bright rosy red; a superb Tea Rose.
- Marie Guillot**—White, tinged with a delicate shade of lemon; one of the finest White Teas. 25 cents.
- Marie Van Houtte**—White, slightly tinted yellow, petals often edged with rose; flowers quite full and well formed; a good rose both in bud and flower. 25 cents.
- Mout Blanc**—Magnificent rose of large size; double and very fragrant; color creamy white, sometimes tinged with rose. 20 cents.
- Marie Sisley**—One of the finest of Tea Roses; very fragrant; color a delicate shade of pale yellow, broadly margined with rose. 20 cents.
- Perle de Lyon**—Deep golden yellow, sometimes apricot; a beautifully formed flower of first-rate quality. 25 cents.

TYPE OF TEA ROSE.

TEA ROSES—(Continued.)

Safrano—Bright apricot, beautiful in bud; very free; one of the very best for winter flowers.

Souvenir de David—Rosy crimson; large; highly scented; beautiful in bud. 25 cents.

TEA ROSES—(Continued.)

- Reine du Portugal**—An elegant, well-formed, very double rose; dark citron yellow, with bright rose center; quite distinct. 20 cents.
- Sombreuil**—White, with a shade of rose.
- Souv. d'un Ami**—A fine rose, producing beautiful buds of a salmon rose color; large, full, very fragrant.

- Therese Loth**—Delicate rose, with bright center. 25 cents.
- Triomphe de Luxembourg**—Coppery rose, large and full. 20 cents.
- Yellow Tea**—One of the most prolific bloomers; similar in color to Isabella Sprunt, but far superior as a flower producer. 20 cents.

Unless noted, 15 cents each; 8 different sorts, all labeled, for \$1.00.

ROSES. NOISSETTE.

These are strong, healthy growers, blooming freely throughout the Summer and Autumn. Their distinguishing characteristic is their cluster blooming habit. They require some protection during Winter.

- Celine Forestier**—Rich golden yellow; large and full. 20 cents.
- Caroline Marinette**—White, tinged with flesh color.
- Chromatella**, (Cloth of Gold)—Golden yellow; fragrant; large and beautiful. 20 cents.
- Euphrosine**—Pale rose, yellow tinge.
- James Sprunt**—Bud a rich, dark crimson, getting somewhat lighter when expanded.
- Lamarque**—White, tinged with lemon yellow.

- Marechal Niel**—Beautiful deep yellow; very large, full, globular form; sweet scented; free flowering; one of the finest yellow Tea-scented Roses yet introduced; a good climbing rose. 20 cts.
- Phaloe**—Nankeen color, pink center; large flower.
- Reve D'Or**, or Climbing Safrano; buff.
- Solfaterre**—Light sulphur yellow; large and double.
- Setina**—Dark rose; full, extra.
- Woodland Margaret**—Pure white. 20 cts.
- Washington**—Pure white; very double; vigorous grower and profuse bloomer.

Unless noted, 15 cents.

ROSES. BOURBON.

Not quite as hardy as the perpetual and Summer Roses. In this section they require a slight protection. They are constant bloomers, of vigorous, rapid growth and rich foliage. The last of Summer, through Autumn, till November, is the season of their greatest beauty.

- Alfred Aubert**—A vigorous grower and profuse bloomer; flowers as well shaped as *Hermosa*: of a bright red color.
- Appoline**—Light pink; double and compact; a great bloomer.
- Bourbon Queen**—Fawn colored rose; beautiful and profuse bloomer. 20 cts.
- Pierre de St. Cyr**—Pale rose, large and double; strong grower.

- Duchesse de Thuringe**—Whitish lilac; beautifully cupped.
- Douglass**—Crimson, very profuse bloomer. 20 cents.
- Hermosa**—Light rose; large, full and double; blooms profusely.
- Souvenir de la Malmaison**—Deep blush; very large and full. 20 cents.

Unless noted, 15 cents.

ROSES. CHINESE AND BENGAL.

These are dwarf growers, blooming freely and constantly throughout the Summer and Autumn, making fine plants for pot culture, and for bedding out in the flower garden. They can be protected through the winter by a covering of leaves, or removed to the cold frame.

Archduke Charles—Rose, changing to crimson.

Agrippina—Rich velvety crimson.

Camellia—Pure white.

Daily—Bright rose; profuse and constant bloomer.

Imperatrice Eugenie—Clear rose, shaded salmon; very sweet.

Louis Phillippe—Rich, dark crimson.

Lucullus—Dark crimson maroon; an excellent bloomer.

Purple Crown—Fine deep purple, beautiful.

Phoenix—Carmine rose.

Viridescens—Deep green flowers; a great curiosity. (Otherwise worthless)

15 cents each. Of the preceding four classes, our choice, all labeled, 8 for \$1.00; 50 for \$5.00; 100 for \$8.00.

ROSES—HYBRID PERPETUAL. GENERAL COLLECTION.

The H. P. Roses being hardy, and embracing nearly all colors, from the purest white to the richest crimson, are deservedly a very popular class of Roses. They are of easy culture, not requiring, but benefited by protection at their roots with a mulching of leaves or evergreen boughs during winter. They thrive well in any rich soil, but best in a well prepared stiff loamy soil, carefully top-dressed with good rotted stable manure in the fall. The term perpetual might lead some to think they are as constant bloomers as the ever-blooming Roses. This is not the case. They flower freely in June and at short intervals during summer and fall.

Augusta Mie—Large, clear, waxy rose; finely cupped.

Anna de Deisbach—Clear rose, fine color, very large, and a showy deep cup form.

Antoine Mouton—Flowers very large and well formed; of a beautiful bright pink color; reverse of petals silvery.

Antoine Verdier—Bright silvery-rose, shaded rich carmine. 25 cents.

Anna Alexieff—Rose color.

Alfred Colomb—Bright carmine red, large, fine form.

Achille Gonod—Dark crimson red.

Bertha Baron—Delicate rose; full, fine form.

Baron Maynard—Pure white, very free flowering.

Bernard Verlot—Poppy red, shaded with violet; large, full and globular. 25c.

Baroness Rothschild—Very light rose, changing almost to white; fine shape, free bloomer, 25 cents.

Baron Prevost—Rose colored, very large and vigorous.

Coquette des Alps—White, tinged with pale rose; medium size, fine form, free bloomer.

Caroline de Sansel—Clear, delicate flesh color, becoming blush; a beautiful rose, large and full.

Charles Lefebvre—Brilliant velvety crimson; very large and full.

Countess of Oxford—Carmine, shaded, violet, velvety; flowers large, full, cupped, fine rose. 25 cents.

Count Bismarck—Rich dark purplish scarlet, changing to deep crimson.

Climbing Jules Margottin—A sport from *Jules Margottin*, flowers exactly similar to its parent; a free and vigorous climber, branching freely. A great acquisition as a free growing, Perpetual Climber; handsome form and color; grows from 8 to 10 feet in a season. 25 cents.

TYPE HYBRID PERPETUAL ROSE.

- | | |
|--|---|
| Comtesse de Serenye —Delicate pink, shaded with rose; very large. 25 cents. | Eugene Appert —Scarlet and crimson, shaded; large, well formed, desirable. |
| Duke of Edinburg —Brilliant scarlet crimson, shaded maroon; very fine. | Edmond Wood —Bright dark cherry. 25 cents. |
| Duchesse d'Orleans —Rosy carmine, full and fine. | Francis Courtin —Bright crimson; reverse of petals rose. |
| David de Barney —Deep cherry red, large globular flower; fine form. | Felix Genero —Beautiful violet rose of fine globular form. |
| Duc de Çazes —Blackish, velvety purple; large and very double. | Francois Lacharme —Bright rosy carmine. |
| Dingee Conard —Brilliant scarlet, in clusters; flowers large. 25 cents. | Ferdinand de Lesseps —Purple, shaded with violet. |
| Emilie Hausburg —Beautiful soft rose, glossy; large, well formed; double. | Francois Fontaine —Dark rosy crimson, large and globular. |

ROSES. HYBRID PERPETUAL—(Continued.)

- Gen. Grant**—Scarlet, shaded with bright carmine.
- Gen. Jacqueminot**—Brilliant crimson, very large, globular and excellent; a free bloomer, unsurpassed in its clear, rich crimson scarlet color.
- Gen. Washington**—Scarlet crimson; one of the best.
- John Hopper**—Deep rose, with crimson center.
- Jules Margottin**—Deep brilliant rose; very large, full and fine.
- Joasine Hanet**—Reddish purple, full and double; blooms in clusters.
- John Stuart Mill**—Bright red, fine globular half reflexed flower. 25 cents.
- Louise Odier**—Clear rose full and fine.
- Louise Carrique**—Brilliant carmine.
- La Reine**—Deep rosy lilac; large and full, sweet and double.
- La France**—Beautiful pale peach; rose center, free bloomer.
- Lion de Combats**—Deep velvety crimson; very brilliant and showy.
- Louis Van Houtte**—Reddish scarlet and amaranth, margined with dark crimson.
- Leopold Hausburg**—Bright rose, large, globular.
- Leopold Premier**—Dark crimson; a fine large rose; very full and sweet.
- Madam Laffay**—Rosy crimson; large and fine.
- Madam Vidot**—Light Rose; large, double, and very beautiful.
- Madam Victor Verdier**—Vivid carmine; large and fine form.
- Madam Charles Wood**—Brilliant red; changing to bright red.
- Mt. Carmel**—Light crimson.
- Madam Alfred de Rougemont**—Pure white; medium size.
- Mrs. Elliott**—Bright, rosy purple; very full and sweet.
- Marquis Bocella**—Blush white; dwarf grower and profuse bloomer.
- Marie Rady**—Fine bright red, of good form.
- Mad Marie Finger**—Beautiful double, large flowers of a very brilliant carnation rose color, the center being touched with a darker shade; strong grower. 25 cents.
- President Thiers**—Brilliant vermilion crimson. 25 cents.
- Perle des Blanches**—Very vigorous in growth; flowers medium in size; full, well formed, and pure white; a first class rose.
- Paul Neron**—Deep rose; enormous size; very fine.
- Peerless**—Flowers in immense clusters of rich crimson.
- Portland Blanche**—Pure white, large and full.
- President Lincoln**—Dark red, shaded crimson; large, full and vigorous.
- Pius IXth**—Deep crimson; very large and full; robust habit.
- Pæonia**—Clear cherry red; brilliant, good grower; blooms freely.
- Prince Camille de Rohan**—Dark velvety crimson.
- Queen Victoria**—Pale rose.

A valuable plant for winter blooming. 25 cents.</p> <p>Crenate Leaved, (Crenata)—Strong grower; profuse bloomer. 25 cents.</p> | <p>Crenata, (fl. pl.)—Flowers double white, tinged with pink. 25 cents.</p> <p>Crenata, (fl. alba pleno)—A very valuable variety, of strong growth, producing its pure white double flowers in abundance. 25 cents.</p> |
|---|---|

DAPHNE CNEORUM.

A beautiful low-growing evergreen shrub, flowering very freely in early spring, and at intervals through the summer; flowers bright pink, very fragrant. 50 cents.

FORSYTHIA.

- | | |
|---|---|
| <p>Viridissima—Produces beautiful yellow flowers early in spring; leaves deep green. 25 cents.</p> | <p>Fortunii—Similar to the preceding but of more upright growth. 25 cents.</p> |
|---|---|

EXOCHORDIA GRANDIFLORA.

A very beautiful and rare shrub, with large and distinct pure white flowers in May. 50 cents.

HYDRANGEA PANICULATA GRANDIFLORA.

See special description, page 28 ; 6 to 10 inches, 25 cents ; 15 to 18 inches, 40 cents.

KALMIA LATIFOLIA.

A beautiful shrub ; flowers in splendid corymbs ; white, tinged with red ; free flowering. 50 cents.

LILAC.

White and purple. 25 cents.

PYRUS JAPONICA.

Blooms early in spring ; flowers bright scarlet ; very hardy. 25 cents.

PURPLE FRINGE.

A beautiful, distinct, large shrub, much admired for its long, feathery flower stalks, which give the tree the appearance of being covered with a cloud of smoke. 25 cents.

SNOW BALL.

A well known shrub ; attains the height of eight or ten feet ; produces its showy white flowers in large balls or masses in June. 25 cents.

PHILADELPHUS, or MOCK ORANGE.

Grandiflora—A large-growing shrub ; flowers snow white, in great profusion. June to July. 25 cents.

Coronarius—A strong, vigorous shrub, bears an abundance of white, sweet scented flowers. Last of May. 25 cents.

SPIREA.

Beautiful shrubs of the easiest culture ; very desirable for shrubberies or the flower garden.

Billardii—Rose colored flowers in spikes. 25 cents.

Callosa Alba—A white-flowering variety, of dwarf habit ; very fine. 25 cents.

Eximia—Spikes of bright rose colored flowers ; very free blooming. 25 cents.

Grandiflora—A very desirable variety, having large rose colored flowers. 25 cents.

Profuse Flowering—Flowers white ; a great bloomer. 25 cents.

Prunifolia—A beautiful spirea ; its flowers are like double, small white daisies ; blooms early. 25 cents.

Revesii fl pl.—Double white flowers in clusters ; very fine. 25 cents.

Thunbergia—A pretty white flowering variety, with narrow linear leaves, valuable for forcing. 25 cents.

WHITE FRINGE.

Foliage large, flowers white ; very fine. 50 cents.

WIEGELIA.

Rosea—A beautiful shrub, with rose colored flowers, in May and June. 25c.

Rosea—(Nana Variegated.)—One of the most conspicuous shrubs that we cultivate ; leaves beautifully margined creamy white ; flowers pink. It is a dwarf grower and admirably adapted to small lawns or gardens. 35 cents.

Hortensis Nivea—Flowers pure white, foliage large, habit vigorous ; a very profuse bloomer. 35 cents.

Amabilis—Of robust habit, large foliage and flowers ; deep rose color. 25 cents.

HARDY ORNAMENTAL CLIMBING VINES.

AMPELOPSIS.

Quinquefolia, (American Ivy).—A perfectly hardy climber of rapid growth; fine for covering walls or unsightly objects. 25 cents.

Tricolor—A variety with leaves beautifully mottled with creamy white. 35 cents.

AKEBIA QUINATA.

A very beautiful, perfectly hardy, fast growing Japan vine, with magnificent foliage, producing flowers in large clusters of chocolate purple color, possessing a most delicious perfume; unsurpassed for covering trellises and verandas, the foliage never being attacked by insects. 25 cents each.

ARISTOLOCHIA SIPHO.

Dutchman's Pipe—A magnificent hardy vine, of rapid growth, with very large heart-shaped leaves, and brownish flowers, resembling in shape a miniature pipe: splendid for archways or verandas. Strong plants, \$1.00 each.

BIGNONIA.

Radicans, (**Trumpet Flower**)—A rapid growing plant, with large scarlet, trumpet shaped flowers. 25 cents.

HONEYSUCKLE.

Monthly Fragrant—A fine rapid growing variety; flowers large and very fragrant; color red and yellow; a constant bloomer. 20 cents.

Chinese Twining—Blooms at intervals through the summer, and retains its foliage late in winter; flowers nearly white, quite distinct. 20 cents.

Scarlet Trumpet—A strong, rapid grower; blooms very freely the entire season; bright red trumpet-shaped flowers. 20 cents.

Aurea Reticulata—A variety with beautifully variegated foliage; the leaves are netted and veined with clear yellow; flowers yellow and fragrant; fine for small yards. 25 cts. See cut, p. 77.

Halliana—Color white, changing to yellow; very fragrant; blooms from June to November. 20 cents.

Magnevillea—Flowers yellowish white; fragrant; evergreen in winter. 20 cts.

WISTARIA, OR GLYCINE.

This is one of the most popular of our hardy vines, growing very rapidly, climbing to a height of fifty feet or more, and when in bloom, is truly magnificent; it flowers in early spring in long drooping racemes, resembling in size and shape a bunch of grapes.

Chinese—(Sinensis.)—Flowers in clusters; pale blue; sometimes gives a second crop of flowers in the fall. 35 cents.

Magnifica—Flowers in dense drooping racemes of pale lilac; of the same

size as the Chinese; vigorous and perfectly hardy. 35 cents.

Brachybotria Rubra—Flowers reddish purple. 35 cents.

We will send six shrubs, each labeled, our selection of varieties, for \$1.00.

HONEYSUCKLE—AUREA RETICULATA.

PÆONIAS.

HERBACEOUS CHINESE.

Well known hardy herbaceous plants of easy cultivation; they thrive in almost any kind of soil, and with very little care. We have a good collection of the best sorts. 40 cents each.

TREE BANKSII.

Very double; deep blush, with purple center; showy and fragrant. 2 years, \$1.50.

VEGETABLE PLANTS.

Vegetable plants being so very tender, will not be sent by mail except at purchaser's risk, and the only safe way is to order them shipped by express, as we cannot leave mail packages open enough to give them the necessary air.

CABBAGE PLANTS.

Early Winningstadt, Early York. Early Jersey Wakefield.		Large Late Drumhead. Marblehead Mammoth. 25c. per doz.
---	--	---

FRUIT AND ORNAMENTAL TREES,

EVERGREENS, GRAPE VINES, SHRUBS, &c.

We also offer a large and well grown stock of Fruit Trees, Grape Vines and small Fruits of all sorts, Deciduous Ornamental Trees and Shrubs, Deciduous Weeping trees, and an immense assortment of beautiful Evergreens, including many new and rare sorts.

We have over 400 acres of land mainly devoted to Nursery business, with three-fifths of it closely planted to Nursery stock.

CUT FLOWERS, &c.

We are pleased to note the constantly increasing demand for Natural Flowers, &c., for decorative purposes, esteeming it an evidence of the growing refinement of the American people. They are appropriate and acceptable on all occasions, whether it be the decoration of churches, or dinner and supper tables, or as a sweet solace in the sick room, and above all are they to be prized for wedding and funeral occasions.

We are prepared to execute orders for every kind of floral decoration with the choicest and freshest of flowers, in the most artistic manner, and at the shortest notice. They can be packed so as to carry, even in the coldest weather, two days journey by Express.

In sending your orders, please to mention the time that they must reach your town to be available, as letters are sometimes delayed in the mail, in which case it would be essential for us to know whether or no there would be time to make the ornaments and have them reach you in season.

The following designs and others are offered—prices varying according to the season of year, quantity and quality of flowers used, and the original cost of the frame-work of design.

Bride's Bouquets—Of choice white flowers. \$2.00 to \$6.00.

Bridesmaid's Bouquet's—\$1.00 to \$4.00.

Hand Bouquets—For parties. \$1.00 to \$3.00.

Button Hole Bouquets—10 cents to 25 cents.

Table Bouquets—\$3.00 to \$8.00.

Floral Designs—Of various sizes and styles. \$3.00 to \$15.00.

Baskets—Of wire, willow or straw. \$2.00 to \$10.00.

For Funerals—Anchors, Crowns and Harps. \$4.00 to \$10.00.

Crosses, Wreaths, Stars, Masonic Emblems, &c. \$2.00 to \$8.00.

STORRS, HARRISON & CO.,

PAINESVILLE, LAKE CO., OHIO.

LETTERS FROM CORRESPONDENTS.

Owing to the improper use so frequently made of correspondents' names (where the address is given in full), by venders of lottery tickets and other swindlers, we omit post office address, giving County and State only. Persons desiring any particular address to verify the authenticity of same, will be furnished with it on application.

Messrs. STORRS, HARRISON & Co.:

The flowers and evergreens sent me by mail are received, all in good order and satisfactory in every respect.

DALLAS Co., ALA. March, 1878.

MRS. A. C. HOROZE.

I am in receipt of the roses last sent, for which please accept my most sincere and heartfelt thanks.

PULASKI Co., ARK. May, 1878.

MRS. M. T. SANDERS.

The plants ordered of you by mail came last night in splendid condition. I did not think plants could come so far by mail and be so fresh and green. Your packing is perfect.

CLAY Co., COLORADO, May, 1878.

JOHN LENNOX.

Plants received in good condition. Please accept my thanks for prompt action and liberal dealing.

SANTA CRUZ Co., CAL. April, 1878.

J. M. RODGERS.

The roses came in due time and good condition, and have already commenced to grow.

CREEK NATION, INDIAN TERRITORY, April, 1878.

E. J. PARKINSON.

The plants reached in due time and good condition. I am well pleased with them. Will have a notice inserted in our paper.

ST. JOSEPH Co., IND. April, 1878.

BRO. HYPOLITUS.

I received the plants this morning in good condition; *many, many* thanks for the extra ones.

JACKSON Co., IOWA, April, 1878.

MRS. H. E. LONG.

Please accept thanks for the two beautiful Rose Geraniums you sent me. I will take great pleasure in mentioning you to my friends as an honorable and reliable house.

EFFINGHAM Co., ILL. April, 1878.

IONA M. GILBERT.

I was both surprised and delighted to receive the extras. I am very sure you more than fulfil your promises; thanks.

MCPHERSON Co., KANSAS, April, 1878.

MATTIE MURPHY.

The plants I ordered came safely to hand in one week from the day I sent, in splendid condition; am perfectly delighted with them; many thanks for your promptness.

DAVISS Co., KY. March, 1878.

NANNIE J. RUMAGE.

I thank you for your great liberality in filling my last order. I have many favors from different Florists, but your generosity far exceeds them all.

WEBSTER Co., LA. May, 1877.

EDWARD EITER.

The plants are received in excellent condition, and are perfectly satisfactory; thanks for the extras.

MIDDLESEX Co., MASS. May, 1878.

MRS. E. P. BLOOD.

The plants arrived to-day in good condition; many thanks.

HENNEPIN Co., MINN. March, 1878.

H. C. KIMBALL.

GROUP OF FUCHSIAS.
